versus

V. N. Narasimmiyengar, Esq., General Secretary to the Government of Mysore, residing in Ulsurpete, Bangalore City. .. .. *Defendant.*

The abovenamed Plaintiffs state as follows :—

1. That, in or about the month of March 1893, the abovenamed Defendant, who was the Provincial Superintendent of Census Operations in Mysore (1891), published a Report of the Census of Mysore (1891) in two parts, forming Part I and Part II of Volume XXV of the Census of India (1891) Reports, the sale of which is being continued at the Mysore Government Central Book Depôt, Bangalore.

2. That, in the abovementioned Report, the Defendant has grossly, falsely and maliciously defamed the Plaintiffs by irrelevently holding up to public ridicule their religion and their caste in various passages, as per extracts quoted in the schedule hereunto annexed and marked A. The Defendant further has wilfully and maliciously not enumerated and classified the Plaintiffs in the said Report according to their caste as he ought to have done.

3. That the said statements are false and malicious and have deeply injured the feelings of the Plaintiffs and disgraced them in the eyes of their co-religionists and countrymen.

4. The cause of action arose within the jurisdiction of this Court in Bangalore City on the 10th April 1895, when the abovenamed Virasangappa purchased a copy of the said Census Report of the

Mysore Government Central Book Depôt, Bangalore, and it arose as a recurring cause of action on each occasion on which, since its original publication, the said Report has been sold.

A copy of the said Report was sold to the 5th Supplemental Plaintiff on the 12th September 1895.

The previous notice required by Section 424 of the Civil Procedure Code has been delivered to the Defendant per registered post.

The Plaintiffs therefore pray Judgment—

(a) that the Defendant may be ordered to pay to the Plaintiffs the sum of Rs. 5,100 as damages, with the costs of this suit.

(b) that an Injunction do issue restraining the Defendant from all further publication of the said statements.

(c) that the Plaintiffs may be decreed such other relief as to the Court may seem just and proper.

(Sd) Y. Virasangappa and others, Plaintiffs.

(Sd) Eardley Norton, Counsel for Plaintiffs.

(Sd) H. Lubeck, Advocate for Plaintiffs.

Dated, Bangalore, 15th August 1895.

I, Y. Virasangappa, one of the said Plaintiffs, do hereby declare that what has been stated above is true to my knowledge except as to matters stated on information and belief, and that as to such matters I believe them to be true.

SCHEDULE A.

"Extract from Census Report referred to being the statements objected to."

Mysore Census Report (1891), Part I, page 238.

"*Lingayets.* As a religious movement, the original conception of Lingayetism was anti-Brahmanical * * *. The most current account of it traces it to a renegade Bramhan, who, out of revenge for ex-communication, started the new cult, in subversion of the Bramhanical theogony and caste supremacy."

Page 239.* * * * * *. "The more rustic congregations of the sect, however, repudiated the proposition that the Lingayets contained any other castes but *Virasaiva Bramhans*, and wanted every Linga-wearer to be returned as a Virasaiva Bramhan in the teeth of the ruling of the Bombay High Court in Gopal Narahar *vs.* Hanumant Ganesh Suffray, &c., I. L. R. Bom. III, page 273, to the effect that the Lingayets were Sudras." ("This Defendant states against the express order of the Government prohibiting him from classifying all the Lingayets as Sudras.") * * * *

"The semi-fanatical and factious attitude of the Lingayets did not fail to set an evil example to certain other sub-divisions and sub-orders at the time of the late enumeration. The goldsmiths have long been fighting both in and out of season, and now and then in the translucent garb of legal actions against individuals for the establishment of their right to be recognized as *Visvakarma Bramhans.* They alleged that like their prototypes they had their own Vedas and Manus and that their aboriginal descent was divine. To possible requisitions for scriptural authority, they were ready to oppose voluminous sacred literature more or less apocryphal. These artizans seized the opportunity created by the Lingayet faction to urge their own claims and to refuse to be censused otherwise. As if to intensify the difficulties of the situation certain other castes, usually constituting the Desha factions, petitioned against the concession claimed by the Lingayets. The clamour of the Lingayets was not quite devoid of a humorous side. The Bedars set themselves up as Valmiki Bramhans, claiming direct lineal descent from the celebrated author of the Ramayana. The potters described themselves as "Gundu or round Bramhans; and, piling on the agony, the Madigas or chuklers as Matanga Bramhans, whipping out for the occasion a certain so-called Purana as their charter".

"The crisis was removed by His Highness the Maharaja's Government passing orders to the effect that the Lingayets should not be classed as Sudras any more than other non-Bramhans but should be separately designated by their own name, and that while they were at liberty to call themselves Virasaiva Bramhans, they should specify the name of the particular and well-known sub-division to which each censused unit belonged. In the spirit of this rule, each caste and sub-caste was allotted its appropriate niche in the Hindu caste edifice. As the name of Sudra seemed to be offensive to many of the sects hitherto tabulated under that category, it was altogether eliminated from the Census literature". ("The insinuation intended apparently is that there are no Bramhans among Lingayets.")

Page 239—40.

"It is further noteworthy that as soon as the clamour of the Lingayets was set at rest some of their leaders seemed to have become ashamed of their own previous vehemence, while the movement seemed to have lost the spring imparted by sincerity. Their feelings were brought to the test when the question of permitting the wonted periodical procession of their religious flag-staff, the *Nandidhvaja* came on for consideration by the Police Department. The Lingayets' application for a license was opposed by the other castes on the ground that since they had become Brambans and had ceased to belong to the right-hand faction, they had no right to parade the Nandidhvaja. The Lingayets then showed themselves glad to re-gain their *status quo ante.*

"The foregoing events indicate the unconscious homage these sectarians have thereby paid to the Bramhans. Indeed, it is a significant feature of the upheaval and fervent just now going on among the Hindus that while every fragmentary body is anxious to level down the caste heights above, it is most repugnant to the obliteration of the inequalities below. With the most charming inconsistency every non-Bramhanical body wishes to wipe off the Bramhan from above and to take his place in relation to the strata of society below its own." * * * * * *.

Page 244. * * * *. "When, therefore, the Lingayets were agitating for Bramhanism, the Mudaliars and their allies took the cue from them and attempted to describe themselves as *Bhu Vaisyas* or earth *Vaisyas.*"

Page 297. * * * *. "As an instance, the proceedings of the Lingayets in the Census under consideration may be quoted. They have not the convergent and divergent gotrams which pervade the Bramhan bodies. And when the rule was promulgated that the Bramhan population should describe the gotram, sakha, &c., of each censused person, the Lingayets averred in order to bolster up their claim to be ranked with the Bramhans, that they too had four gotrams for their communities one for each Math, and that as they were Virasaiva Bramhans they insisted on their own gotrams being also recorded, *viz* :—

(1) Renuka. (2) Daruka. (3) Ghantakarna. (4) Gajakarna."

"As, however, the information was desiderated for the usually recognised Bramhans alone, the entries made by the Lingayets were treated as surplusage. It should be noted at the same time that the above four gotrams are not derived from any of the known *Rishis* of Hinduism."

Page 309. * * * *. "And to cap the whole, the Lingayets denied that they were of either faction although traditionally they headed the 18 Phana or Balagai Section, and contended that they were the controllers of the phanas. Their action in this matter may be traced to their anxiety to wipe out all the peculiarities which differentiated them from the Bramhans into whose castes it was their ambition in this Census to be counted."

Page 12—Appendix, para 3.

"In enumerating Lingayets, they should be entered by that name both in creed and caste in columns 3 and 4. But in column 5, the sub-divisions of the caste should be clearly entered as Sada, Banajiga, Nonaba, Korisetti, &c., &c. The enumerator should ask the enumerated Lingayet whether the latter is or not a member of the sub-sect or sub-caste to which he may be known to belong, and his reply should be distinctly stated in column 5."

FINANCIAL DEPARTMENT.

To—The Deputy Commissioners of Districts, Treasury Department,
Circular No. 1856, *dated* 16*th July* 1896.

1. The Comptroller has the honor in elucidation of the instructions contained in Chapter 15 of the Civil Account Code, Volume I (5th edition), regarding deposits, to point out that deposits are of two classes, *viz.*, Revenue and Judicial, so classified according to the department through which they are received, and that in addition to the two classes, some deposits are classed as personal deposits under orders from this office.

2. Treasury officers should be instructed to see that no item is credited as a deposit save under formal order of competent authority and that when the amount could be credited direct to some known head of account the fact should be brought to the notice of the authority directing its credit as a deposit.

The items enumerated below should on no account be placed or received in deposit mainly for the reason that such items when lapsing under Article 255 of Chapter 15 cannot be credited to Government, they not having been received on account of Government.

Pay, pension, imprests, contributions received from parties towards the construction or repair of temples or other public buildings, refunds, whether of stamps or of other receipts, sale proceeds of unclaimed property, and funds of quasi-public institutions, even though aided by Government, and moneys drawn for the construction and repairs of buildings or for the purchase of any article, &c.

3. Moneys received by Government officers as contributions towards the constructions or repairs of school buildings, temples, dispensaries or District and Municipal Fund works, should be credited as such in a distinct entry under the head from which the estimate for the work has been, or is proposed to be, sanctioned to be met; for example, if an estimate for repairing a temple or other religious institution is directed to be met from "Muzrai Surplus Funds," the contribution should be credited in a distinct entry under that head. Funds of quasi-public institutions can be placed in Savings Bank and operated upon according to the rules of that Bank.

4. Treasury officers should be enjoined not to receive any contributions for credit in their treasury accounts unless the head of credit is distinctly entered in the memorandum (chalan) presented when tendering the money.

5. All items that, in the light of the instructions above given, now improperly remain under deposit, should, in communication with the officers from whom the items were received, be transferred to the proper heads of account as instructed in para B.

Read Mudgere Amildar's report No. 1541, dated 23rd June 1896, to the effect that the amount sanctioned from District Funds for converting a descending well into a drawing well at Gonibid may be appropriated for sinking another well at Mudgere since the people of Gonibid are not in favor of the former work.

Resolved that a table be purchased on obtaining the sanction of Government and the cost thereof be met from Rs. 120 provided for furniture to dispensaries in the current year's budget.

15. Proposed by the Amildar of Koppa taluk that the pakka building now for sale at Sollebail may be purchased by the Board for Rs. 1,000 for the purpose of a musafirkhana, since the present building used as such is a thatched one which is in very bad repair and uninhabitable during the rains.

Resolved that a building of this description at Sollebail is absolutely necessary and as the Executive Engineer knows the building and considers it cheap for the price offered, Government sanction be obtained to purchase the same.

2. They should be addressed to the Deputy Commissioner, Forest Branch, Kolar district, and sent in registered sealed covers superscribed with the words "Tenders for fuel in Kamasamudram Forest" and be accompanied with Rs. 200 as earnest money which will be returned after the tenders are disposed off. Notification, dated 4th August 1896.

Tenders are hereby invited, and will be received up to the 7th September 1896, for felling, collecting and purchasing fuel on an area of about 1,392 acres in the Kamasamudram State Forest, Bowringpet taluk.

2. They should be addressed to the Deputy Commissioner, Forest Branch, Kolar district, and sent in registered sealed covers superscribed with the words "Tenders for fuel in Kamasamudram Forest" and be accompanied with Rs. 200 as earnest money which will be returned after the tenders are disposed off. The tenders will be opened in the district office at Kolar on the 8th September, at 3 P. M., in the presence of such tenderers as may choose to be present on the occasion.

3. Tenderers should state distinctly the highest rates which they agree to pay (1) per ton of billet fuel and (2) per ton of refuse fuel. No local cess will be charged on the amount. All fuel above two inches in diameter will be classed as billet fuel. A ton is equivalent to 68 measured cubic feet closely stacked.

4. The Deputy Commissioner does not bind himself to accept the lowest or any other tender, and the acceptance of the same is subject to the approval of the Conservator of Forests in Mysore.

5. The portion of the forest selected for felling has been marked off into "Coupes" which should be worked in their consecutive order.

6. With the exception of from 15 to 30 young healthy trees per acre, which will be previously marked and reserved as standards, all the other trees may be removed. Felling has to be made on the "Coppice system" as shown in the sample plots. Both billet and refuse fuel should be carted and stacked for measurement either at Kamasamudram *or* Budikota but *not* at *both* the places simultaneously. All expenses for felling, carting and stacking will as heretofore be borne entirely by the contractor.

7. The successful tenderer shall, within one week from the date of the acceptance of the tender being communicated to him, execute an agreement on a one rupee stamp paper, embodying among others the aforesaid conditions and to deposit a sum of five hundred rupees as security for performing the contract, failing which the two hundred rupees originally remitted with the tender will be forfeited to Government.

8. Intending tenderers are requested to apply to the undersigned for such further particulars as they might desire to know. The Malur Ranger, who will encamp at Mutanur village between the 28th and 30th instant, will show them, if required, the "Coupes" selected for working as well as the "Sample plots" which have been felled for the guidance of the contractors.

If such deposit be not made, or if the remaining purchase money be not paid up, the right shall be re-sold at the risk of the first purchaser, and the first purchaser will not be entitled to the excess amount should the bid in the re-sale exceed that in the first.

3. The successful purchaser will be required to enter into an agreement with the District Forest Officer, the terms of which will be made known at the time of sale.

Proceedings of the Local Fund Board of the French Rocks circle at a meeting held on the 15th of July 1896.

PRESENT.

P. Panchanatha Rao, Esq., Sub-Division Officer and President.

Official Members.

1 Mr. Hussan Ali Bèg, Amildar of Seringapatam.
2 Mr. V. N. Guru Rao, Amildar of Mandya.

Non-Official Members.

1 Mr. Mallappa of Malvalli.
2 „ Krishnappa of Krishnarajpete.
3 Mr. Govindappaiengar, Inamdar Member.

ABSENT.

Official Members.

1 The Civil Surgeon of Mysore.
2 The Executive Engineer, French Rocks Division.
3 Mr. Venkata Rao, Amildar of Krishnarajpete.
4 The Amildar of Malvalli.
5 The Amildar of Nagamangala.

Non-Official Members.

1 Mr. Ramanna of Mandya.
2 Mr. Garudachar of Nagamangala.

This meeting was convened in order to prepare the supplemental budget of expenditure for the year 1896-97 for submission to Government for sanction.

2. Read Mandya Amildar's report No. 26—28, dated 14th July 1896, forwarding Mr. Ramanna's letter informing that he could not attend the meeting, and recorded.

3. Read statements of receipts and expenditure incurred by Public Works Department and by Revenue authorities during the twelve months; and that of expenditure under civil charges till the end of March, and recorded.

4. Read statement of works from the Executive Engineer, requiring allotment during the year. This statement included works which remained unexecuted on the 1st of July 1896 and also certain works which had not been included in the original budget. Among the latter are railing the bunds of the marginally noted tanks and sides of embankments of Seringapatam-Channarayapatam road. These works are original works, and as there are no sufficient funds to spare for them it was resolved that the first four works be reserved till next year, when their necessity or otherwise will be considered. Another reason for rejecting them was that funds are to be necessarily provided for the incomplete works. Rs. 1,282 were allowed for the last work.

	Rs.
1. Channappanakatte tank ...	1,636
2. Devirammanakere ...	1,294
3. Malvalli tank ...	6,033
4. Sides of embankment of Seringapatam-Channarayapatam road	812
5. Constructing rough stone revetment and parapets to bridges and tunnels on Maddur-Sivanasamudram Cauvery falls road.	1,282

5. Among the works under "Repairs, communications" were entered two items, (1) making good the damages caused by rains on French Rocks Station-Nelligere road at Rs. 1,568 and (2) special repairs to bridges and drains on the same road at Rs. 93.

A provision of Rs. 2,000 has been made in the current year's District Fund budget for the special repairs to the above road. So these works may be carried out from the sum allotted in the budget. It was thought not necessary to include the items in the supplemental budget. A sum of Rs. 1,003 is required for repairing the damage done to the Yadiyur-Tiptur road. This is an incomplete work. The Board passed the sum. There was another item under the above head; this was also an incomplete work. For this work (special repairs to Bangalore-Mysore road *via* Kankanhalli) the Executive Engineer wanted Rs. 5,000. But the Board expressed that such a large sum cannot be spared at one time, so only a sum of Rs. 3,000 was allowed for the work this year. A requisition for an additional sum of Rs. 1,000 under Reserve was made. There seemed no necessity for this provision, as there is already a provision for Rs. 1,000 in the budget.

6. There was an item to repair tents at a cost of Rs. 69. The Board, seeing no reason why the charge of repairing tents should be met from District Funds, refused to pass the item.

7. A provision of Rs. 400 has been made under the head "Contribution towards bangalo repairs" and passed.

8. A requisition for Rs 3,200, being the contribution towards the construction of the dispensary buildings at Seringapatam and French Rocks, is made.

There are buildings at present for the above purposes in both the places, and there being no funds at the disposal of the Board, the proposal to construct new buildings was rejected.

9. Read docket No. 529 of the 14th instant, from the Executive Engineer, *anent* special repairs to Lingaraj chattra-Kallaballi road.

Resolved that the sum of Rs. 1,670, required for the work, be passed and included in the supplemental budget.

10. Read docket No. 360 of the 13th April 1896 *anent* the repairs to be executed to the Krishnarajpete-Nagamangala road.

Resolved that the amount of Rs. 234, required for the work, be passed.

The sum thus allowed to Public Works Department has come up to Rs. 7,364.

11. Read statement of incomplete works under Revenue authorities and passed.

12. Read Government Official Memorandum No. 11379-86—L. F. 61-96 of the 8th April 1896, *anent* proposals for works under Local Funds General during the year 1896-97 and in connection with the above the statements received from the Amildars. The proposals made by the Amildars and members were passed and resolved to submit the same for the sanction of Government

FOREST DEPARTMENT.

Notification, dated 4th August 1896.

Tenders are hereby invited, and will be received up to the 7th September 1896, for felling, collecting and purchasing fuel on an area of about 1,392 acres in the Kamasamudram State Forest, Bowringpet taluk.

2. They should be addressed to the Deputy Commissioner, Forest Branch, Kolar district, and sent in registered sealed covers superscribed with the words "Tenders for fuel in Kamasamudram Forest" and be accompanied with Rs. 200 as earnest money which will be returned after the tenders are disposed off. The tenders will be opened in the district office at Kolar on the 8th September, at 3 P. M., in the presence of such tenderers as may choose to be present on the occasion.

3. Tenderers should state distinctly the highest rates which they agree to pay (1) per ton of billet fuel and (2) per ton of refuse fuel. No local cess will be charged on the amount. All fuel above two inches in diameter will be classed as billet fuel. A ton is equivalent to 68 measured cubic feet closely stacked.

4. The Deputy Commissioner does not bind himself to accept the lowest or any other tender, and the acceptance of the same is subject to the approval of the Conservator of Forests in Mysore.

5. The portion of the forest selected for felling has been marked off into "Coupes" which should be worked in their consecutive order.

Felling has to be made on the "Coppice system" as shown in the sample plots. Both billet and refuse fuel should be carted and stacked for measurement either at Kamasamudram *or* Budikota but *not* at *both* the places simultaneously. All expenses for felling, carting and stacking will as heretofore be borne entirely by the contractor.

7. The successful tenderer shall, within one week from the date of the acceptance of the tender being communicated to him, execute an agreement on a one rupee stamp paper, embodying among others the aforesaid conditions and to deposit a sum of five hundred rupees as security for performing the contract, failing which the two hundred rupees originally remitted with the tender will be forfeited to Government.

Public Works, executed by Revenue officers" and also from the lapses from the previous year's grant (statement A).

2. Read Executive Engineer's No. 198, dated 9th July 1896, requesting to be informed whether the District Fund Board is prepared to meet the cost of opening out a feeder road from Nullur to Chikjajur.

Resolved that as there are no funds at the disposal of the District Fund Board, they are not prepared to meet the cost of this road.

3. Read and recorded letter No. 472—2882, dated 13th June 1896, from the Secretary to the Government of Mysore, Public Works Department, forwarding for information copy of Assistant Resident's letter No. 2044 of the 3rd June 1896, and stating that the proposal for a railway feeder road from Davangere to Arsikere should be given up.

There are no funds to meet this charge out of the budget grants for 1896-97. A dispensary building is more urgently required at Harihar than at Challakere. At Challakere the new taluk cutcherry is approaching completion and as soon as the taluk cutcherry is moved to the new building a portion of the old building will be available for locating the dispensary.

Resolved that the necessary provision be made in the budget for 1897-98 for the District Fund share of the cost of a dispensary at Harihar.

Resolved that the work be included in the list of works for which an appropriation from Local Funds General is being applied for to Government.

13. Read statement of incomplete works carried out from Local Funds General for which appropriation is required for the current year as the funds alloted for them last year could not be fully worked out.

Resolved that the Government be moved to grant the appropriation required.

Resolved also that Government be moved to grant another sum Rs. 2,000 from Local Funds General to meet the cost of wells and village sanitary works of an urgent nature, as funds are not available for them in the ordinary District Fund budget.

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore, approved by Government in Notification No. 15320—R. F. 155-92, dated 15th March 1895, are published for general information :—

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in conjunction with the Deputy Commissioner of the district, or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these Rules.

II.—Payments how to be made.

4. Immediatly after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury, before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer, and must be presented to the Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter, who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that officer or cash paid into that treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others, or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Inspector General of Forests of all receipts of deposits the same day they are credited at the treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Inspector General of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Inspector General of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which, the deposit money already paid in shall lapse to the Government and shall not be counted as part payment. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Inspector General of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of Wood.

6. The Forest Officer, or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within three months from the date of sale. When weighing, should any surplus be found, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped, and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing shall prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full, and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within 90 days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than 90 days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood. The Inspector General of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in conjunction with the Deputy Commissioner of the district, or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these Rules.

II.—Payments how to be made.

4. Immediatly after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury, before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer, and must be presented to the Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter, who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that officer or cash paid into that treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others, or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Inspector General of Forests of all receipts of deposits the same day they are credited at the treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Inspector General of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Inspector General of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which, the deposit money already paid in shall lapse to the Government and shall not be counted as part payment. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Inspector General of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of Wood.

6. The Forest Officer, or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within three months from the date of sale. When weighing, should any surplus be found, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped, and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing shall prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full, and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within 90 days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than 90 days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood. The Inspector General of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore, approved by Government in Notification No. 15320—R. F. 155-92, dated 15th March 1895, are published for general information :—

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in conjunction with the Deputy Commissioner of the district, or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these Rules.

II.—Payments how to be made.

4. Immediatly after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury, before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer, and must be presented to the Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter, who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that officer or cash paid into that treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others, or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Inspector General of Forests of all receipts of deposits the same day they are credited at the treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Inspector General of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Inspector General of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which, the deposit money already paid in shall lapse to the Government and shall not be counted as part payment. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Inspector General of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of Wood.

6. The Forest Officer, or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within three months from the date of sale. When weighing, should any surplus be found, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped, and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing shall prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full, and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within 90 days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than 90 days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood. The Inspector General of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore, approved by Government in Notification No. 15320—R. F. 155-92, dated 15th March 1895, are published for general information :—

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in conjunction with the Deputy Commissioner of the district, or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these Rules.

II.—Payments how to be made.

4. Immediatly after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury, before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer, and must be presented to the Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter, who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that officer or cash paid into that treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others, or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Inspector General of Forests of all receipts of deposits the same day they are credited at the treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Inspector General of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Inspector General of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which, the deposit money already paid in shall lapse to the Government and shall not be counted as part payment. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Inspector General of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of Wood.

6. The Forest Officer, or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within three months from the date of sale. When weighing, should any surplus be found, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped, and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own con-ience, and no complaint afterwards made by the purchaser will be attended to. The expenditure rred in weighing out wood will be borne by the Government, but all expenses necessary for the emoval of the wood from the koti shall be borne by the purchaser. Nothing shall prevent a Officer from weighing out wood to any purchaser who wants early delivery upon full payment of nt due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full, and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within 90 days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than 90 days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood. The Inspector General of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore, approved by Government in Notification No. 15320—R. F. 155-92, dated 15th March 1895, are published for general information :—

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in conjunction with the Deputy Commissioner of the district, or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these Rules.

II.—Payments how to be made.

4. Immediatly after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury, before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer, and must be presented to the Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter, who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that officer or cash paid into that treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others, or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Inspector General of Forests of all receipts of deposits the same day they are credited at the treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Inspector General of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Inspector General of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which, the deposit money already paid in shall lapse to the Government and shall not be counted as part payment. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Inspector General of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of Wood.

6. The Forest Officer, or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within three months from the date of sale. When weighing, should any surplus be found, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped, and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing shall prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full, and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within 90 days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than 90 days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood. The Inspector General of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore, approved by Government in Notification No. 15320—R. F. 155-92, dated 15th March 1895, are published for general information :—

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in conjunction with the Deputy Commissioner of the district, or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these Rules.

II.—Payments how to be made.

4. Immediatly after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury, before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer, and must be presented to the Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter, who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that officer or cash paid into that treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others, or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Inspector General of Forests of all receipts of deposits the same day they are credited at the treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Inspector General of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Inspector General of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which, the deposit money already paid in shall lapse to the Government and shall not be counted as part payment. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Inspector General of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of Wood.

6. The Forest Officer, or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within three months from the date of sale. When weighing, should any surplus be found, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped, and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing shall prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full, and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within 90 days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than 90 days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood. The Inspector General of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore, approved by Government in Notification No. 15320—R. F. 155-92, dated 15th March 1895, are published for general information :—

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in conjunction with the Deputy Commissioner of the district, or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these Rules.

II.—Payments how to be made.

4. Immediatly after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury, before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer, and must be presented to the Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter, who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that officer or cash paid into that treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others, or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Inspector General of Forests of all receipts of deposits the same day they are credited at the treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Inspector General of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Inspector General of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which, the deposit money already paid in shall lapse to the Government and shall not be counted as part payment. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Inspector General of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of Wood.

6. The Forest Officer, or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within three months from the date of sale. When weighing, should any surplus be found, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped, and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing shall prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full, and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within 90 days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than 90 days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood. The Inspector General of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore, approved by Government in Notification No. 15320—R. F. 155-92, dated 15th March 1895, are published for general information :—

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in conjunction with the Deputy Commissioner of the district, or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these Rules.

II.—Payments how to be made.

4. Immediatly after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury, before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer, and must be presented to the Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter, who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that officer or cash paid into that treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others, or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Inspector General of Forests of all receipts of deposits the same day they are credited at the treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Inspector General of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Inspector General of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which, the deposit money already paid in shall lapse to the Government and shall not be counted as part payment. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Inspector General of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of Wood.

6. The Forest Officer, or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within three months from the date of sale. When weighing, should any surplus be found, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped, and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing shall prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full, and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within 90 days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than 90 days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood. The Inspector General of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

Notification, dated 15th September 1896.

The Government having sanctioned the substitution of English Avoirdupois pound-weights, equivalent to Rs. 38§, for the pound-weight now in use at the Government Sandal Kotis, the new standard will be adopted at all the kotis from 1897. But all sandalwood purchased before 31st December 1896 will be weighed and issued according to the current pound-weight.

The uniform weights of English standard to be introduced with their equivalents in rupees are noted below :—

1 oz.=$2\frac{31}{72}$ rupees weight.
1 lb.=$38\frac{8}{9}$ do
1 cwt.=$4355\frac{5}{9}$ do
1 ton=$87111\frac{1}{9}$ do

Standard scales and weights will be available in all the kotis with which the weights in use may be tested.

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore, approved by Government in Notification No. 15320—R. F. 155-92, dated 15th March 1895, are published for general information :—

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in conjunction with the Deputy Commissioner of the district, or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these Rules.

II.—Payments how to be made.

4. Immediatly after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury, before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer, and must be presented to the Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter, who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that officer or cash paid into that treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others, or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Inspector General of Forests of all receipts of deposits the same day they are credited at the treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Inspector General of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Inspector General of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which, the deposit money already paid in shall lapse to the Government and shall not be counted as part payment. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Inspector General of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of Wood.

6. The Forest Officer, or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within three months from the date of sale. When weighing, should any surplus be found, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped, and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing shall prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full, and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within 90 days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than 90 days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood. The Inspector General of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

Notification, dated 15th September 1896.

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore, approved by Government in Notification No. 15320—R. F. 155-92, dated 15th March 1895, are published for general information :—

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in conjunction with the Deputy Commissioner of the district, or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these Rules.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury, before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer, and must be presented to the Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter, who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that officer or cash paid into that treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others, or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Inspector General of Forests of all receipts of deposits the same day they are credited at the treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Inspector General of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Inspector General of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which, the deposit money already paid in shall lapse to the Government and shall not be counted as part payment. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Inspector General of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of Wood.

6. The Forest Officer, or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within three months from the date of sale. When weighing, should any surplus be found, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped, and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing shall prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full, and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within 90 days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than 90 days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood. The Inspector General of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore, approved by Government in Notification No. 15320—R. F. 155-92, dated 15th March 1895, are published for general information :—

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in conjunction with the Deputy Commissioner of the district, or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these Rules.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury, before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer, and must be presented to the Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter, who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that officer or cash paid into that treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others, or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Inspector General of Forests of all receipts of deposits the same day they are credited at the treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Inspector General of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Inspector General of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which, the deposit money already paid in shall lapse to the Government and shall not be counted as part payment. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Inspector General of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of Wood.

6. The Forest Officer, or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within three months from the date of sale. When weighing, should any surplus be found, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped, and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing shall prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full, and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within 90 days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than 90 days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood. The Inspector General of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

Resolution.—Work Inspectors are a *sine qua non.* The proportion of cost to be the same as in the Public Works Department, *viz.* 17½ per cent. Inspectors should be qualified men. If necessary, they should be obtained from the Public Works Department. They should keep a pony and should also have a peon each. Present scales of pay to remain intact, but should also include horse allowance.

2. Read Government Proceedings No. 10615-23—L. F. 103-95, dated 16th March 1896, passing orders in regard to the supply of vessels to musafirkhanas.

Resolution.—Passed.

7. Papers relating to the opening of a road from Devanagundi railway station to Tirupati and other places.

Resolution.—The road is a necessity and must be made by the Public Works Department. The easiest and directest alignments should be settled and the musafirkhana should be built on the road near the station. The proposed musafirkhana at Devangundi village is useless. The road should be taken along the high ground so as to cause least harm to the lands of the villages around.

A.—Statement showing the particulars of works proposed to be carried out by the Revenue Department during 1896-97:—

Taluk.	No.	Name of work.	Probable amount of estimate.	Remarks.
		I. Original works and repairs.		
			Rs.	
Hoskote.	1	Repairing the trunk road in the kasaba.	508	This estimate is sent as per verbal orders of the Deputy Commissioner when he visited the place. The road is outside the municipal town and is connected with the high road to Bangalore.
Devanhalli.	2	Repairing the road to Rajankunte.	157	The road was newly formed in 1894-95. It is reported to have been much cut up and not trafficable. Hence the repair.
	3	Repairing the road from Channarayapatna to Mettabande.	184	This work was done in 1894-95. The Amildar says that as no drains had been constructed on the road, the rain water has swept off the roads, here and there, and is not at all trafficable. The repair is necessary.
Doddallapur.	4	Sinking a fresh water well in Mankala village.	662	There is no well in the village. Hardship for water is greatly experienced by the villagers who bring water from a well a long way off.
	5	Constructing a culvert over the halla at Madigarapalya.	55	There is a ditch on the way from the village to its suburbs. People and cattle find it difficult to cross it.
	6	Sinking a well at Kakol ...	70	The estimate originally sanctioned was exceeded by Rs. 60 and odd. A revised estimate for the excess expenditure has been called for from the Amildar.

Taluk.	No.	Name of work.	Probable amount of estimate.	Remarks.
			Rs.	
Nelamangala.	7	Repairing the musafirkhana at Gollahalli.	139	The tiles are damaged. Hence the roof is leaky.
	8	Forming a road from Dodbele town to the Railway Station.	332	This work is estimated for as per Traffic Manager's requisition whose letter is laid before the meeting (Prop. VIII.)
	9	Improvement of cart-track between Dodbele and Tyamagondlu road.	300	
	10	Repairing the musafirkhana at kasaba Kankanhalli.	274	The building is said to have been constructed some 70 or 80 years ago. From what funds and at what cost it was constructed cannot be stated. The building is leaky. There is no other place of shelter for travellers. To construct such a building newly would require about Rs. 2,000. The estimate sent last year had been returned for want of funds. The same is now re-submitted.
Closepet.	11	Repairing the road branching from the Madras-Cannanore road to Ramagiri hills.	208	The work was proposed in 1894-95. The work was given up as the funds were short. The Sub-Division Officer recommends the execution of this work.
	12	Sinking a fresh water well at Chikgangavadi.	126	
	13	Do at Dhaiyakapura ...	207	
	14	Do at Bidadi ...	139	The villagers execute earthwork costing Rs. 31.
Channapatna.	15	Deepening and stone-facing a well in the camping ground near Bairapatna.	96	Two trial wells were sunk here for the use of the Dorsetshire Regiment that passed through the place in January last. The sides are falling off. Hence the necessity for revetment.
	16	Improving the cart-track from Channarayapatna to Kudlur.	200	
	17	Sinking a well at Malegal ...	250	
	18	Do at Mangadahalli ...	200	
Anekal.	19	Constructing a culvert at Kudlu.	88	
	20	Sinking a well at Guddahalli..	184	
	21	Sinking a well in Bommasandra.	151	This is exclusive of the contribution of one-third cost recoverable from the villagers.
	22	Repairing the stables of the musafirkhana at Hebbagodi.	31	The estimate received last year was returned for want of funds. Now it is re-submitted.
			4,561	
		II. Conservancy and Sanitary charges.		
Nelamangala.	23	Clearing lantana hedges near the Sompur bangalo.	24	On a personal inspection of the place the Deputy Commissioner ordered that the hedges should be cleared. The estimate received last year had been returned for want of funds. The same is now re-submitted.
Magadi.	24	Constructing drains at Narasandra.	136	
	25	Do at Gudemarnahalli ...	195	
Anekal.	26	Village sanitation at Attibele.	288	
		Total Conservancy charges ..	643	
		Grand Total ...	5,204

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore, approved by Government in Notification No. 15320—R. F. 155-92, dated 13th March 1895, are published for general information :—

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in conjunction with the Deputy Commissioner of the district, or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these Rules.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury, before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer, and must be presented to the Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter, who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that officer or cash paid into that treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others, or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Inspector General of Forests of all receipts of deposits the same day they are credited at the treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Inspector General of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Inspector General of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which, the deposit money already paid in shall lapse to the Government and shall not be counted as part payment. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Inspector General of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of Wood.

6. The Forest Officer, or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within three months from the date of sale. When weighing, should any surplus be found, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped, and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing shall prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full, and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within 90 days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than 90 days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chita and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood. The Inspector General of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

V. N. NARASIMMIYENGAR, *Dy. Commissioner.*

KADUR DISTRICT.

Notification, dated 19th November 1896.

Notice is hereby given that the undermentioned lands in the Koppa taluk, Kadur district, applied for for coffee cultivation, will be sold by public auction, at 11 A. M., on Friday the 8th January 1897, at Hariharpur, before the Amildar of the Koppa taluk, subject to the confirmation of the Deputy Commissioner of this district.

2. The sale shall be by public auction under the usual conditions, and the land shall be knocked down to the highest bidder above the upset price, *viz.*, Rs. 10 (ten) per acre. The deposit of one-fourth of the upset price made by the applicant shall, if the land be knocked down to him at the auction, be credited towards his deposit of 25 per cent of the purchase money, and it shall be refunded to him if the land is purchased by any other person in the auction.

3. The upset price fixed as above shall include survey expenses and the right of Government to all reserved trees, except sandal, which will always be reserved absolutely by Government.

4. The highest bidder should, immediately after the close of the sale, pay a deposit of 25 per cent of the purchase money, inclusive of the deposit referred to in para 2, and the remainder before sunset on the 15th day from the date of sale as provided for by the rules in force ; in default, the land will be re-sold at the risk of the defaulter, who will have to make good the deficiency, if any, at the second sale, but will have no claim to the excess, if any.

5. The land sold under these rules shall be held free of assessment for the first three years, and on half assessment for the next two years, full assessment being payable from and after the sixth year. But before the concession is granted, the purchaser must bind himself in writing to pay the full assessment from the first year in the event of his resigning the land after cutting down the timber on it, or otherwise clearing any portion of it, but without having made any *bonâ fide* attempt to bring under cultivation the arable area included in it.

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore, approved by Government in Notification No. 15320—R. F. 155-92, dated 15th March 1895, are published for general information :—

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in conjunction with the Deputy Commissioner of the district, or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these Rules.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury, before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer, and must be presented to the Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter, who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that officer or cash paid into that treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others, or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Inspector General of Forests of all receipts of deposits the same day they are credited at the treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Inspector General of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Inspector General of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which, the deposit money already paid in shall lapse to the Government and shall not be counted as part payment. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Inspector General of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of Wood.

6. The Forest Officer, or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within three months from the date of sale. When weighing, should any surplus be found, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped, and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from drainage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing shall prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full, and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within 90 days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than 90 days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood. The Inspector General of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

Resolution.—The following roads referred to are urgently wanted. They should be completed as soon as possible; and provision has been made in the revised budget for two of them. It is understood that projects for the Anekal-Kankanhalli road and the Kodihalli-Satnur road are under preparation by the Public Works Department. The Board resolve that the Chief Engineer should be addressed with a view to their early execution.

2. Read Government official memorandum No. 3381—Mis. 723, drawing attention of the Deputy Commissioner to Subject No. 121 of the Dasara Representative Assembly Proceedings of 1895, and requesting to take such auction as the Deputy Commissioner may consider necessary with reference to the reply of Government in the matter of opening certain roads from Anvatti, *viâ.*, Kerehalli to Banavasi, and another from Anavatti to Tirthahalli.

Resolved that as the proposed line measuring about 16 miles, passes for the greater part through wet cultivation, it is likely to cost about Rs. 4,000 a mile; that it is not likely to be of great benefit to the district being in a corner, and that the state of the District Funds does not admit of such a costly work being undertaken at present.

3. Read Senior Surgeon's docket No. 233, dated 24th September 1896, forwarding an indent for Rs. 139 for articles required for the use of midwives in the Shimoga district, and requesting to be informed if necessary provision has been made in the Local Fund budget to meet the cost of the articles in question.

Resolved that provision be made in the supplemental budget for moiety of the estimate, the other moiety being met from Municipal Funds.

4. Read Executive Engineer's docket No. 524, dated 7th September 1896, forwarding for countersignature an estimate amounting to Rs. 13,080, for completing the metalling of the Sagar-Siralkoppa road, and stating that provision for this work has been made in the supplemental budget.

Resolved that the estimate be countersigned and returned to the Executive Engineer.

5. Read Shimoga Division Executive Engineer's docket No. 574, dated 29th September 1896, forwarding copy of Chief Engineer's docket No. 820, dated 3rd March 1896, in the matter of sinking wells near Indavalli and Belvani kanave Police stations in the Sorab taluk together with two estimates for sinking a draw well near Indavalli for Rs. 609 and constructing a draw well at Belvani for Rs. 482, and requesting to be informed if there is any objection to contribute a moiety of the cost from District Funds as desired by the Chief Engineer, and if no objection exists, requesting that the estimates may be countersigned and returned so that a re-appropriation statement providing the requisite funds may be prepared and forwarded for sanction of Government.

Resolved that as the wells are to be sunk in the kanaves primarily for the use of the Police stations and as from the insufficiency of the District Funds grants are sanctioned by Government from Local Funds General even for wells solely intended for public use, the Chief Engineer be requested not to insist upon contribution.

6. Read Honnali taluk Amildar's itilla No. 407, dated 28th instant, forwarding an application of Taluk Head-munshi Krishnappa, praying that a building from District Funds may be constructed at Shimoga for accommodation of the pupils who wish to study Sanskrit, English and Vedas.

Proposed by Mr. Nadig Timmappa and lost as it was not seconded.

7. (1) Read Shimoga Division Executive Engineer's docket No. 520, dated 4th September 1896, forwarding a supplemental District Fund budget estimate for Rs. 20,000 for 1896-97, and requesting to obtain the sanction of Government to the same.

(2) Read docket No. 644, dated 28th October 1896, from the same officer, forwarding a 2nd supplemental District Fund budget estimate for Rs. 8,020, and requesting to obtain the sanction of Government to the same.

(3) Read Statement "C II, repairs to be executed by Revenue officers" amounting to Rs. 2,595.

(4) Read also the statement showing the details of Civil charges proposed to be incurred for establishment and other charges amounting to Rs. 2,782.

Resolved that as the works recommended by Executive Engineer are very urgent his proposals be adopted as revised, and that the works be executed by the Revenue officers and the amount required for Civil charges be included in the supplemental budget to be submitted to Government for orders.

The particulars of proposed expenditure are given below :—

A. Public Works to be executed by Public Works Department.—

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore, approved by Government in Notification No. 15120—R. F. 155-92, dated 15th March 1895. are published for general information :—

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in conjunction with the Deputy Commissioner of the district, or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose, Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these Rules.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury, before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer, and must be presented to the Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter, who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that officer or cash paid into that treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others, or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Inspector General of Forests of all receipts of deposits the same day they are credited at the treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Inspector General of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Inspector General of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which, the deposit money already paid in shall lapse to the Government and shall not be counted as part payment. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Inspector General of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of Wood.

6. The Forest Officer, or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within three months from the date of sale. When weighing, should any surplus be found, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped, and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing shall prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full, and until a "License to remove." shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within 90 days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than 90 days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood. The Inspector General of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore, approved by Government in Notification No. 15320—R. F. 155-92, dated 15th March 1895. are published for general information :—

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in conjunction with the Deputy Commissioner of the district, or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose, Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these Rules.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury, before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer, and must be presented to the Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter, who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that officer or cash paid into that treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others, or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Inspector General of Forests of all receipts of deposits the same day they are credited at the treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Inspector General of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Inspector General of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which, the deposit money already paid in shall lapse to the Government and shall not be counted as part payment. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Inspector General of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of Wood.

6. The Forest Officer, or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within three months from the date of sale. When weighing, should any surplus be found, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped, and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing shall prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full, and until a "License to remove," shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within 90 days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than 90 days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood. The Inspector General of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

Proposed by Mr. Cameron and seconded by Mr. Gangaiya that a tax of Rs. 1- block per annum be levied with effect from the next official year.

Amendment by Mr. Venkatramaiya, Municipal Commissioner, No. II division, that a the monies due on the sites, are due to owners of sites, have not been ascertained and the Board under Section 7 of the Municipal Regulations and as funds in connection wit have not come into the Municipal Accounts, as Municipal Funds, under Section 9 of th and as no register has been prepared to show that the assessment which was being levie assessed under the Survey Accounts has been remitted or whether there has been any c such assessment, the Board would be incurring a serious responsibility of answering to the proprietors of the lands for compensations due to them, and other serious respon money matters. Official Members.

1. M. Krishne Aras, Amildar of Malvalli.

Non-Official Members.

1. Govindappaiengar, Inamdar.

Read docket Nos. 393 and 114 of 31st May and 18th September 1896, respectively, from the Deputy Commissioner, anent a road to be opened from Krishnarajpete to Akkihebbal.

In connection with this, it was brought to the notice of the Board that this part of the country is much used by traffic, but for want of a road much difficulty is experienced. It was resolved that a road may be opened. As there are no funds to be spared during the current year, the question of providing for the work was postponed till the next budget meeting.

2. Read docket No. 102, from the Deputy Commissioner of Mysore, anent water-supply to the town of Malvalli.

Kunnirkatte is the chief source of water-supply to the inhabitants of Malvalli. This katte is fed by the Gendekatte. The latter is reported to be in disrepair. It was resolved to improve it. Funds will be provided in the next year's budget.

3. Read Deputy Commissioner's docket No. 103 of the 14th September 1896 anent roads to be opened from Nagamangala to Bindiganavale and Devalapur.

The Amildar, as well as Mr. Garudachar, non-official member for the Nagamangala taluk, represent that these roads are very necessary. People find it almost impossible to travel on these pathways with carts. The Executive Engineer is of opinion that these works would cost much and may be executed when funds are available. The Amildar says that it is not necessary to open a metalled road and that an ordinary village road for the easy passage of carts would be sufficient. For this purpose he requires Rs. 200 per mile or Rs. 2,200 for each road, as the roads are expected to be each about eleven miles long. It was resolved that the earliest opportunity should be taken to meet this long felt want. This matter may be discussed by the Board at its next budget meeting in January 1897.

4. Read docket No. 104 of the 14th September 1896, from the Deputy Commissioner, anent sinking drinking-water wells in the Krishnarajpete taluk.

In the printed Proceedings book of the Representative Assembly of 1895, it is stated that wells are required in Erranahalli and other villages. The Amildar reports that there is no such village which goes by the name of Erranahalli. However, the villages where wells

are to be sunk in, were ascertained through the member Mr. Krishnappa; and they are 1 Somanahalli, 2 Ayappanahalli and 3 Bommanahalli. The first two of these works have been provided for out of Local Funds General for the year 1896-97. The third is an inam village and the members were unanimous as to the well work being carried out by the inamdar at his own cost.

5. Read docket No. 253 of the 29th July 1896, from the Senior Surgeon and Sanitary Commissioner, asking for the grant of Rs. 38½ being the $\frac{5}{13}$th of $\frac{1}{3}$rd of the cost required for clothing and bedding in Her Highness the Maharani's Female Hospital at Mysore.

Resolved that the sum in question be paid out of Rs. 1,000 provided in the current year's District Fund budget under "Contribution towards dispensary buildings."

6. Read Executive Engineer's docket No. 592 of the 20th August 1896 forwarding Public Works Department Secretary's docket No. 183-1527, dated 8th April 1896, anent maintenance allotment of the Mysore-Bangalore road *vid* Kankanhalli.

It was brought to the notice of the Board that the road in question is not properly maintained on account of the insufficiency of the funds allowed. In the Bangalore district the rate granted per mile is Rs. 90 whereas it amounts to only Rs. 50 here. Considering the importance of the road, it was unanimously resolved that the rate in this circle be also raised from Rs. 50 to Rs. 90.

7. The Board then considered the proposals relating to the District Funds made by the Dasara Representative Members for the year 1896-97.

8. Mr. Narasimmegauda, member for the Seringapatam taluk, proposes to open or improve the road between Darasaguppa and Kunigal. The Amildar said that there is no village called Kunigal in the taluk. It seems to be a Dakala village and very insignificant. Considering the insignificance of the villages under notice and that of the traffic passing between them, it was resolved that the road be opened by the raiyats themselves.

9. Mr. Anandalwar, the member for Mandya, proposes two questions: (1) that the Government should induce people to open village roads by doing earth-work; and that the Government should only bear the cost of stone and masonry works, and (2) to open a road between Sathanur and Mandya and to construct a bridge over the Kodihalla there.

This question being a general one it was not thought necessary to do anything at present.

10. With regard to the 2nd question, it was resolved that the bridge and everything should be done at Government cost.

11. Mr. Sitaramaiya of Krishnarajpete proposed that a pond and a draw well should be constructed and sunk at Kikkeri to supply drinking water. It was represented that the Kikkeri tank will always have good supply of water, and in time of scarcity temporary wells will be sunk in the bed of the tank without difficulty.

12. The same member wants a bridge over one of the hallas on the Lingaraja chattra-Kallahalli road. There are several such hallas on the road in question. Under the present financial condition, the Board resolved to hold the question in abeyance.

13. Mr. Chendrasekharaiya, member for Nagamangala, has proposed that a bridge across the Lokapavani river near Honakere should be built. In the preliminary issue of the Public Works Department Budget estimates, Rs. 1,000 have been provided for this work out of Provincial Funds. The work is not an ordinary one and requires a large amount of money. The District Fund Board is unable to undertake the work, and it was resolved that reference be made to Government to sanction the work out of Provincial Funds, as it seems to be under contemplation.

14. Mr. Mallappa, the District Fund Board member for Malvalli, proposed a road to be opened from Malvalli so as to join the Purigal road near Surgur, the road now in existence being a circuitous one. The proposal is a good one and it was resolved to undertake this work. Provision will have to be made next year.

15. He further brought to the notice of the Board that a big halla on the road between Malvalli and Kirgaval be bridged or a road dam over the same be constructed. As regards this, the Executive Engineer has a complete cut and dry project.

16. The Amildar of Seringapatam said that a halla near Nagunahalli should be bridged over as much difficulty is felt by the people crossing it on their way to Seringapatam. The Executive Engineer has promised to inspect the place and favor the Board with his opinion on the subject.

Read also Resolution No. 16 of the proceedings of the Board, dated 16th April 1896.

Resolution.—As the road which has been neglected for a number of years requires a large initial expenditure, the Board is of opinion that Rs. 50 per mile may be sanctioned for the first year on the condition of the Moktesar Patel undertaking to keep the road in good repair in subsequent years on the annual allotment already sanctioned.

PART II.

LIMITATION OF SUITS, APPEALS AND APPLICATIONS.

Dismissal of suits, &c., instituted, &c., after period of limitation.

4. Subject to the provisions contained in sections 5 to 25 (inclusive), every suit instituted, appeal presented, and application made, after the period of limitation prescribed therefor by the second schedule hereto annexed, shall be dismissed, although limitation has not been set up as a defence.

Explanation.—A suit is instituted, in ordinary cases, when the plaint is presented to the proper officer; in the case of a pauper, when his application for leave to sue as a pauper is filed; and in the case of a claim against a company which is being wound up by the Court, when the claimant first sends in his claim to the official liquidator.

Illustrations.

(*a*) A suit is instituted after the prescribed period of limitation. Limitation is not set up as a defence and judgment is given for the plaintiff. The defendant appeals. The appellate Court must dismiss the suit.

(*b*) An appeal presented after the prescribed period is admitted and registered. The appeal shall, nevertheless, be dismissed.

Proviso where Court is closed when period expires.

5. If the period of limitation prescribed for any suit, appeal or application expires on a day when the Court is closed, the suit, appeal or application may be instituted, presented or made on the day that the Court re-opens:

Proviso as to appeals and applications for review.

Any appeal or application for a review of judgment may be admitted after the period of limitation prescribed therefor, when the appellant or applicant satisfies the Court that he had sufficient cause for not presenting the appeal or making the application within such period.

Limitation for certain appeals or applications for review of judgment.

5A. Whenever it is shown to the satisfaction of the Court that an appeal or an application for a review of judgment was presented after the expiration of the period of limitation prescribed for such appeal or application owing to the appellant or applicant having been misled by any order, or practice, or judgment of the Chief Court, such appeal or application, if otherwise in accordance with law, shall for all purposes be deemed by all Courts to have been presented within the period of limitation prescribed therefor.

Special and local laws of limitation.

6. When by any special or local law now or hereafter in force in the Territories of Mysore, a period of limitation is specially prescribed for any suit, appeal or application, nothing herein contained shall affect or alter the period so prescribed.

Legal disability.

7. If a person entitled to institute a suit or make an application be, at the time from which the period of limitation is to be reckoned, a minor, or insane, or an idiot, he may institute the suit or make the application within the same period, after the disability has ceased, as would otherwise have been allowed from the time prescribed therefor in the third column of the second schedule hereto annexed.

Double and successive disabilities.

When he is, at the time from which the period of limitation is to be reckoned, affected by two such disabilities, or when, before his disability has ceased, he is affected by another disability, he may institute the suit or make the application within the same period, after both disabilities have ceased, as would otherwise have been allowed from the time so prescribed.

When his disability continues up to his death, his legal representative may institute the suit or make the application within the same period after the death as would otherwise have been allowed from the time so prescribed.

When such representative is at the date of the death affected by any such disability, the rules contained in the first two paragraphs of this section shall apply.

Disability of representative.

Nothing in this section applies to suits to enforce rights of pre-emption, or shall be deemed to extend, for more than three years from the cessation of the disability or the death of the person affected thereby, the period within which any suit must be instituted or application made.

Illustrations.

(*a*) The right to sue for the hire of a boat accrues to A during his minority. He attains majority four years after such accruer. He may institute his suit at any time within three years from the date of his attaining majority.

(*b*) A, to whom a right to sue for a legacy has accrued during his minority, attains majority eleven years after such accruer. A has, under the ordinary law, only one year remaining within which to sue. But under this section an extension of two years will be allowed him, making in all a period of three years from the date of his attaining majority, within which he may bring his suit.

(*c*) A right to sue accrues to Z during his minority. After the accruer, but while Z is still a minor, he becomes insane. Time runs against Z from the date when his insanity and minority cease.

(*d*) A right to sue accrues to X during his minority. X dies before attaining majority, and is succeeded by Y, his minor son. Time runs against Y from the date of his attaining majority.

(*e*) A right to sue for an hereditary office accrues to A, who at the time is insane. Six years after the accruer A recovers his reason. A has six years, under the ordinary law, from the date when his insanity ceased within which to institute a suit. No extension of time will be given him under this section.

(*f*) A right to sue as landlord to recover possession from a tenant accrues to A, who is an idiot. A dies three years after the accruer, his idiocy continuing up to the date of his death. A's representative in interest has, under the ordinary law, nine years from the date of A's death within which to bring a suit. This section does not extend that time, except where the representative is himself under disability when the representation devolves upon him.

8. When one of several joint creditors or claimants is under any such disability, and when a discharge can be given without the concurrence of such person, time will run against them all: but, where no such discharge can be given, time will not run as against any of them until one of them becomes capable of giving such discharge without the concurrence of the others.

Disability of one joint-creditor.

Illustrations.

(*a*) A incurs a debt to a firm of which B, C and D are partners. B is insane, and C is a minor. D can give a discharge of the debt without the concurrence of B and C. Time runs against B, C and D.

(*b*) A incurs a debt to a firm of which E, F and G are partners. E and F are insane, and G is a minor. Time will not run against any of them until either E or F becomes sane, or G attains majority.

9. When once time has begun to run, no subsequent disability or inability to sue stops it:

Continuous running of time.

Provided that, where letters of administration to the estate of a creditor have been granted to his debtor, the running of the time prescribed for a suit to recover the debt shall be suspended while the administration continues.

10. Notwithstanding anything hereinbefore contained, no suit against a person in whom property has become vested in trust for any specific purpose, or against his legal representatives or assigns (not being assigns for valuable consideration), for the purpose of following in his or their hands such property, shall be barred by any length of time.

Suits against express trustees and their representatives.

11. Suits instituted in the Territories of Mysore on contracts entered into in a foreign country are subject to the rules prescribed by this Act.

Suits on foreign contracts.

No foreign rule of limitation shall be a defence to a suit instituted in the Territories of Mysore on a contract entered into in a foreign country, unless the rule has extinguished the contract and the parties were domiciled in such country during the period prescribed by such rule.

Foreign limitation law.

Like exclusion in case of order under Code of Civil Procedure, section 20.

In computing the period of limitation prescribed for a suit, proceedings in which have been stayed by order under the Code of Civil Procedure, section 20, the interval between the institution of the suit and the date of so staying proceedings, and the time requisite for going from the Court in which proceedings are stayed to the Court in which the suit is re-instituted, shall be excluded.

Like exclusion in case of application.

In computing the period of limitation prescribed for any application, the time during which the applicant has been making another application for the same relief shall be excluded, where the last-mentioned application is made in good faith to a Court which from defect of jurisdiction, or other cause of a like nature, is unable to grant it.

When a person who would, if he were living, have a right to instititute a suit or make an application, dies before the right accrues, the period of limitation shall be computed from the time when there is a legal representative of the deceased capable of instituting or making such suit or application.

Effect of death before right to sue accrues.

When a person against whom, if he were living, a right to institute a suit or make an application would have accrued dies before the right accrues, the period of limitation shall be computed from the time when there is a legal representative of the deceased against whom the plaintiff may institute or make such suit or application.

Nothing in the former part of this section applies to suits to enforce rights of pre-emption or to suits for the possession of immovable property or of an hereditary office.

18. When any person having a right to institute a suit or make an application has, by means of fraud, been kept from the knowledge of such right or of the title on which it is founded,

shall be computed from the time when the fraud first became known to the person injuriously affected thereby, or, in the case of the concealed document when he first had the means of producing it or compelling its production.

19. If, before the expiration of the period prescribed for a suit or application in respect of any propetry or right, an acknowledgment of liability in respect of such property or right has been made in writing signed by the party against whom such property or right is claimed, or by some person through whom he derives title or liability, a new period of limitation, according to the nature of the original liability, shall be computed from the time when the acknowledgment was so signed.

Effect of acknowledgment in writing.

When the writing containing the acknowledgment is undated, oral evidence may be given of the time when it was signed; but oral evidence of its contents shall not be received.

Explanation 1.—For the purposes of this section an acknowledgment may be sufficient, though it omits to specify the exact nature of the property or right, or avers that the time for payment, delivery, performance or enjoyment has not yet come, or is accompanied by a refusal to pay, deliver, perform or permit to enjoy, or is coupled with a claim to a set-off, or is addressed to a person other than the person entitled to the property or right.

the right to such access and use of light or air, way, watercourse, use of water or other easement shall be absolute and indefeasible.

Each of the said periods of twenty years shall be taken to be a period ending within two years next before the institution of the suit wherein the claim to which such period relates is contested.

Explanation.—Nothing is an interruption within the meaning of this section, unless where there is an actual discontinuance of the possession or enjoyment by reason of an obstruction by the act of some person other than the claimant, and unless such obstruction is submitted to or acquiesced in for one year after the claimant has notice thereof and of the person making or authorizing the same to be made.

Illustrations.

(*a*) A suit is brought in 1881 for obstructing a right of way. The defendant admits the obstruction but denies the right of way. The plaintiff proves that the right was peaceably and openly enjoyed by him, claiming title thereto as an easement and as of right, without interruption, from 1st January, 1860, to 1st January, 1880. The plaintiff is entitled to judgment.

(*b*) In a like suit also brought in 1881 the plaintiff merely proves that he enjoyed the right in manner aforesaid from 1858 to 1878. The suit shall be dismissed, as no exercise of the right by actual user has been proved to have taken place within two years next before the institution of the suit.

(*c*) In a like suit the plaintiff shows that the right was peaceably and openly enjoyed by him for twenty years. The defendant proves that the plaintiff, on one occasion during the twenty years, had asked his leave to enjoy the right. The suit shall be dismissed.

27. Provided that, when any land or water upon, over or from which any easement has been enjoyed or derived has been held under or by virtue of any interest for life or any term of years exceeding three years from the granting thereof, the time of the enjoyment of such easement during the continuance of such interest or term shall be excluded in the computation of the said last-mentioned period of twenty years, in case the claim is, within three years next after the determination of such interest or term, resisted by the person entitled, on such determination to the said land or water.

Illustration.

A sues for a declaration that he is entitled to a right of way over B's land. A proves that he has enjoyed the right for twenty-five years; but B shows that during ten of these years C, a Hindu widow, had a life interest in the land, that on C's death B became entitled to the land, and that within two years after C's death he contested A's claim to the right. The suit must be dismissed, as A, with reference to the provisions of this section, has only proved enjoyment for fifteen years.

Extinguishment of right to property.

28. At the determination of the period hereby limited to any person for instituting a suit for possession of any property, his right to such property shall be extinguished.

PART II.

LIMITATION OF SUITS, APPEALS AND APPLICATIONS.

Dismissal of suits, &c., instituted, &c., after period of limitation.

4. Subject to the provisions contained in sections 5 to 25 (inclusive), every suit instituted, appeal presented, and application made, after the period of limitation prescribed therefor by the second schedule hereto annexed, shall be dismissed, although limitation has not been set up as a defence.

Explanation.—A suit is instituted, in ordinary cases, when the plaint is presented to the proper officer; in the case of a pauper, when his application for leave to sue as a pauper is filed; and in the case of a claim against a company which is being wound up by the Court, when the claimant first sends in his claim to the official liquidator.

Illustrations.

(*a*) A suit is instituted after the prescribed period of limitation. Limitation is not set up as a defence and judgment is given for the plaintiff. The defendant appeals. The appellate Court must dismiss the suit.

(*b*) An appeal presented after the prescribed period is admitted and registered. The appeal shall, nevertheless, be dismissed.

Proviso where Court is closed when period expires.

5. If the period of limitation prescribed for any suit, appeal or application expires on a day when the Court is closed, the suit, appeal or application may be instituted, presented or made on the day that the Court re-opens:

Proviso as to appeals and applications for review.

Any appeal or application for a review of judgment may be admitted after the period of limitation prescribed therefor, when the appellant or applicant satisfies the Court that he had sufficient cause for not presenting the appeal or making the application within such period.

Limitation for certain appeals or applications for review of judgment.

5A. Whenever it is shown to the satisfaction of the Court that an appeal or an application for a review of judgment was presented after the expiration of the period of limitation prescribed for such appeal or application owing to the appellant or applicant having been misled by any order, or practice, or judgment of the Chief Court, such appeal or application, if otherwise in accordance with law, shall for all purposes be deemed by all Courts to have been presented within the period of limitation prescribed therefor.

Special and local laws of limitation.

6. When by any special or local law now or hereafter in force in the Territories of Mysore, a period of limitation is specially prescribed for any suit, appeal or application, nothing herein contained shall affect or alter the period so prescribed.

Legal disability.

7. If a person entitled to institute a suit or make an application be, at the time from which the period of limitation is to be reckoned, a minor, or insane, or an idiot, he may institute the suit or make the application within the same period, after the disability has ceased, as would otherwise have been allowed from the time prescribed therefor in the third column of the second schedule hereto annexed.

Double and successive disabilities.

When he is, at the time from which the period of limitation is to be reckoned, affected by two such disabilities, or when, before his disability has ceased, he is affected by another disability, he may institute the suit or make the application within the same period, after both disabilities have ceased, as would otherwise have been allowed from the time so prescribed.

When his disability continues up to his death, his legal representative may institute the suit or make the application within the same period after the death as would otherwise have been allowed from the time so prescribed.

When such representative is at the date of the death affected by any such disability, the rules contained in the first two paragraphs of this section shall apply.

Disability of representative.

Nothing in this section applies to suits to enforce rights of pre-emption, or shall be deemed to extend, for more than three years from the cessation of the disability or the death of the person affected thereby, the period within which any suit must be instituted or application made.

Illustrations.

(*a*) The right to sue for the hire of a boat accrues to A during his minority. He attains majority four years after such accruer. He may institute his suit at any time within three years from the date of his attaining majority.

(*b*) A, to whom a right to sue for a legacy has accrued during his minority, attains majority eleven years after such accruer. A has, under the ordinary law, only one year remaining within which to sue. But under this section an extension of two years will be allowed him, making in all a period of three years from the date of his attaining majority, within which he may bring his suit.

(*c*) A right to sue accrues to Z during his minority. After the accruer, but while Z is still a minor, he becomes insane. Time runs against Z from the date when his insanity and minority cease.

(*d*) A right to sue accrues to X during his minority. X dies before attaining majority, and is succeeded by Y, his minor son. Time runs against Y from the date of his attaining majority.

(*e*) A right to sue for an hereditary office accrues to A, who at the time is insane. Six years after the accruer A recovers his reason. A has six years, under the ordinary law, from the date when his insanity ceased within which to institute a suit. No extension of time will be given him under this section.

(*f*) A right to sue as landlord to recover possession from a tenant accrues to A, who is an idiot. A dies three years after the accruer, his idiocy continuing up to the date of his death. A's representative in interest has, under the ordinary law, nine years from the date of A's death within which to bring a suit. This section does not extend that time, except where the representative is himself under disability when the representation devolves upon him.

8. When one of several joint creditors or claimants is under any such disability, and when a discharge can be given without the concurrence of such person, time will run against them all: but, where no such discharge can be given, time will not run as against any of them until one of them becomes capable of giving such discharge without the concurrence of the others.

Disability of one joint-creditor.

Illustrations.

(*a*) A incurs a debt to a firm of which B, C and D are partners. B is insane, and C is a minor. D can give a discharge of the debt without the concurrence of B and C. Time runs against B, C and D.

(*b*) A incurs a debt to a firm of which E, F and G are partners. E and F are insane, and G is a minor. Time will not run against any of them until either E or F becomes sane, or G attains majority.

9. When once time has begun to run, no subsequent disability or inability to sue stops it:

Continuous running of time.

Provided that, where letters of administration to the estate of a creditor have been granted to his debtor, the running of the time prescribed for a suit to recover the debt shall be suspended while the administration continues.

10. Notwithstanding anything hereinbefore contained, no suit against a person in whom property has become vested in trust for any specific purpose, or against his legal representatives or assigns (not being assigns for valuable consideration), for the purpose of following in his or their hands such property, shall be barred by any length of time.

Suits against express trustees and their representatives.

11. Suits instituted in the Territories of Mysore on contracts entered into in a foreign country are subject to the rules prescribed by this Act.

Suits on foreign contracts.

No foreign rule of limitation shall be a defence to a suit instituted in the Territories of Mysore on a contract entered into in a foreign country, unless the rule has extinguished the contract and the parties were domiciled in such country during the period prescribed by such rule.

Foreign limitation law.

PART III.

COMPUTATION OF PERIOD OF LIMITATION.

Exclusion of day on which right to sue accrues.

12. In computing the period of limitation prescribed for any suit, appeal or application, the day from which such period is to be reckoned shall be excluded.

Exclusion in case of appeals and certain applications.

In computing the period of limitation prescribed for an appeal, an application for leave to appeal as a pauper, and an application for a review of judgment, the day on which the judgment complained of was pronounced, and the time requisite for obtaining a copy of the decree, sentence or order appealed against or sought to be reviewed, shall be excluded.

Where a decree is appealed against or sought to be reviewed, the time requisite for obtaining a copy of the judgment on which it is founded shall also be excluded.

In computing the period of limitation prescribed for an application to set aside an award, the time requisite for obtaining a copy of the award shall be excluded.

Exclusion of time of defendant's absence from the Territories of Mysore.

13. In computing the period of limitation prescribed for any suit, the time during which the defendant has been absent from the Territories of Mysore shall be excluded.

Exclusion of time of proceeding *bonâ fide* in Court without jurisdiction.

14. In computing the period of limitation prescribed for any suit, the time during which the plaintiff has been prosecuting with due diligence another civil proceeding, whether in a Court of first instance or in a Court of appeal, against the defendant, shall be excluded, where the proceeding is founded upon the same cause of action, and is prosecuted in good faith in a Court which, from defect of jurisdiction, or other cause of a like nature, is unable to entertain it.

Like exclusion in case of order under Code of Civil Procedure, section 20.

In computing the period of limitation prescribed for a suit, proceedings in which have been stayed by order under the Code of Civil Procedure, section 20, the interval between the institution of the suit and the date of so staying proceedings, and the time requisite for going from the Court in which proceedings are stayed to the Court in which the suit is re-instituted, shall be excluded.

Like exclusion in case of application.

In computing the period of limitation prescribed for any application, the time during which the applicant has been making another application for the same relief shall be excluded, where the last-mentioned application is made in good faith to a Court which from defect of jurisdiction, or other cause of a like nature, is unable to grant it.

Explanation 1.—In excluding the time during which a former suit or application was pending or being made, the day on which that suit or application was instituted or made, and the day on which the proceedings therein ended, shall both be counted.

Explanation 2.—A plaintiff resisting an appeal presented on the ground of want of jurisdiction shall be deemed to be prosecuting a suit within the meaning of this section.

Exclusion of time during which commencement of suit is stayed by injunction or order.

15. In computing the period of limitation prescribed for any suit, the institution of which has been stayed by injunction or order, the time of the continuance of the injunction or order, the day on which it was issued or made, and the day on which it was withdrawn, shall be excluded.

16. In computing the period of limitation prescribed for a suit for possession by a purchaser at a sale in execution of a decree, the time during which the judgment-debtor has been prosecuting a proceeding to set aside the sale shall be excluded.

Exclusion of time during which judgment-debtor is attempting to set aside execution-sale.

17. When a person who would, if he were living, have a right to instititute a suit or make an application, dies before the right accrues, the period of limitation shall be computed from the time when there is a legal representative of the deceased capable of instituting or making such suit or application.

Effect of death before right to sue accrues.

When a person against whom, if he were living, a right to institute a suit or make an application would have accrued dies before the right accrues, the period of limitation shall be computed from the time when there is a legal representative of the deceased against whom the plaintiff may institute or make such suit or application.

Nothing in the former part of this section applies to suits to enforce rights of pre-emption or to suits for the possession of immovable property or of an hereditary office.

18. When any person having a right to institute a suit or make an application has, by means of fraud, been kept from the knowledge of such right or of the title on which it is founded,

Effect of fraud.

or where any document necessary to establish such right has been fraudulently concealed from him,

the time limited for instituting a suit or making an application—

(*a*) against the person guilty of the fraud or accessory thereto, or

(*b*) against any person claiming through him otherwise than in good faith and for a valuable consideration,

shall be computed from the time when the fraud first became known to the person injuriously affected thereby, or, in the case of the concealed document when he first had the means of producing it or compelling its production.

19. If, before the expiration of the period prescribed for a suit or application in respect of any property or right, an acknowledgment of liability in respect of such property or right has been made in writing signed by the party against whom such property or right is claimed, or by some person through whom he derives title or liability, a new period of limitation, according to the nature of the original liability, shall be computed from the time when the acknowledgment was so signed.

Effect of acknowledgment in writing.

When the writing containing the acknowledgment is undated, oral evidence may be given of the time when it was signed; but oral evidence of its contents shall not be received.

Explanation 1.—For the purposes of this section an acknowledgment may be sufficient, though it omits to specify the exact nature of the property or right, or avers that the time for payment, delivery, performance or enjoyment has not yet come, or is accompanied by a refusal to pay, deliver, perform or permit to enjoy, or is coupled with a claim to a set-off, or is addressed to a person other than the person entitled to the property or right.

Explanation 2.—In this section "signed" means signed either personally or by an agent duly authorized in this behalf.

20. When interest on a debt or legacy is, before the expiration of the prescribed period, paid as such by the person liable to pay the debt or legacy, or by his agent duly authorized in this behalf,

Effect of payment of interest as such.

or when part of the principal of a debt is, before the expiration of the prescribed period, paid by the debtor or by his agent duly authorized in this behalf,

Effect of part-payment of principal.

a new period of limitation, according to the nature of the original liability, shall be computed from the time when the payment was made:

Provided that, in the case of part payment of the principal of a debt, the fact of the payment appears in the hand-writing of the person making the same.

Effect of receipt of produce of mortgaged land.

Where mortgaged land is in the possession of the mortgagee, the receipt of the produce of such land shall be deemed to be a payment for the purpose of this section.

One of several joint contractors, &c., not chargeable by reason of acknowledgment or payment made by another of them.

21. Nothing in sections 19 and 20 renders one of several joint contractors, partners, executors or mortgagees chargeable by reason only of a written acknowledgment signed, or of a payment made by, or by the agent of, any other or others of them.

Effect of substituting or adding new plaintiff or defendant.

22. When, after the institution of a suit, a new plaintiff or defendant is substituted or added, the suit shall, as regards him, be deemed to have been instituted when he was so made a party:

Proviso where original plaintiff dies.

Provided that, when a plaintiff dies, and the suit is continued by his legal representative, it shall, as regards him, be deemed to have been instituted when it was instituted by the deceased plaintiff:

Proviso where original defendant dies.

Provided also that, when a defendant dies and the suit is continued against his legal representative, it shall, as regards him, be deemed to have been instituted when it was instituted against the deceased defendant.

Continuing breaches and wrongs.

23. In the case of a continuing breach of contract and in the case of a continuing wrong independent of contract, a fresh period of limitation begins to run at every moment of the time during which the breach or the wrong, as the case may be, continues.

Suit for compensation for act not actionable without special damage.

24. In the case of a suit for compensation for an act which does not give rise to a cause of action unless some specific injury actually results therefrom, the period of limitation shall be computed from the time when the injury results.

Illustrations.

(*a*) A owns the surface of a field. B owns the subsoil. B digs coal thereout without causing any immediate apparent injury to the surface, but at last the surface subsides. The period of limitation in the case of a suit by A against B runs from the time of the subsidence.

(*b*) A speaks and publishes of B slanderous words not actionable in themselves without special damage caused thereby. C in consequence refuses to employ B as his clerk. The period of limitation in the case of a suit by B against A for compensation for the slander does not commence till the refusal.

Computation of time mentioned in instruments.

25. All instruments shall, for the purposes of this Act, be deemed to be made with reference to the Gregorian calendar.

Illustrations.

(*a*) A Hindu makes a promissory note bearing a Native date only, and payable four months after date. The period of limitation applicable to a suit on the note runs from the expiry of four months after date computed according to the Gregorian calendar.

(*b*) A Hindu makes a bond, bearing a Native date only for the repayment of money within one year. The period of limitation applicable to a suit on the bond runs from the expiry of one year after date computed according to the Gregorian calendar.

PART IV.

ACQUISITION OF OWNERSHIP BY POSSESSION.

Acquisition of right to easements.

26. Where the access and use of light or air to and for any building have been peaceably enjoyed therewith, as an easement, and as of right, without interruption, and for twenty years,

and where any way or watercourse, or the use of any water, or any other easement (whether affirmative or negative) has been peaceably and openly enjoyed by any person claiming title thereto as an easement and as of right, without interruption, and for twenty years,

the right to such access and use of light or air, way, watercourse, use of water or other easement shall be absolute and indefeasible.

Each of the said periods of twenty years shall be taken to be a period ending within two years next before the institution of the suit wherein the claim to which such period relates is contested.

Explanation.—Nothing is an interruption within the meaning of this section, unless where there is an actual discontinuance of the possession or enjoyment by reason of an obstruction by the act of some person other than the claimant, and unless such obstruction is submitted to or acquiesced in for one year after the claimant has notice thereof and of the person making or authorizing the same to be made.

Illustrations.

(*a*) A suit is brought in 1881 for obstructing a right of way. The defendant admits the obstruction but denies the right of way. The plaintiff proves that the right was peaceably and openly enjoyed by him, claiming title thereto as an easement and as of right, without interruption, from 1st January, 1860, to 1st January, 1880. The plaintiff is entitled to judgment.

(*b*) In a like suit also brought in 1881 the plaintiff merely proves that he enjoyed the right in manner aforesaid from 1858 to 1878. The suit shall be dismissed, as no exercise of the right by actual user has been proved to have taken place within two years next before the institution of the suit.

(*c*) In a like suit the plaintiff shows that the right was peaceably and openly enjoyed by him for twenty years. The defendant proves that the plaintiff, on one occasion during the twenty years, had asked his leave to enjoy the right. The suit shall be dismissed.

Exclusion in favor of reversioner of servient tenement.

27. Provided that, when any land or water upon, over or from which any easement has been enjoyed or derived has been held under or by virtue of any interest for life or any term of years exceeding three years from the granting thereof, the time of the enjoyment of such easement during the continuance of such interest or term shall be excluded in the computation of the said last-mentioned period of twenty years, in case the claim is, within three years next after the determination of such interest or term, resisted by the person entitled, on such determination to the said land or water.

Illustration.

A sues for a declaration that he is entitled to a right of way over B's land. A proves that he has enjoyed the right for twenty-five years; but B shows that during ten of these years C, a Hindu widow, had a life interest in the land, that on C's death B became entitled to the land, and that within two years after C's death he contested A's claim to the right. The suit must be dismissed, as A, with reference to the provisions of this section, has only proved enjoyment for fifteen years.

Extinguishment of right to property.

28. At the determination of the period hereby limited to any person for instituting a suit for possession of any property, his right to such property shall be extinguished.

PART II.

LIMITATION OF SUITS, APPEALS AND APPLICATIONS.

Dismissal of suits, &c., instituted, &c., after period of limitation.

4. Subject to the provisions contained in sections 5 to 25 (inclusive), every suit instituted, appeal presented, and application made, after the period of limitation prescribed therefor by the second schedule hereto annexed, shall be dismissed, although limitation has not been set up as a defence.

Explanation.—A suit is instituted, in ordinary cases, when the plaint is presented to the proper officer; in the case of a pauper, when his application for leave to sue as a pauper is filed; and in the case of a claim against a company which is being wound up by the Court, when the claimant first sends in his claim to the official liquidator.

Illustrations.

(*a*) A suit is instituted after the prescribed period of limitation. Limitation is not set up as a defence and judgment is given for the plaintiff. The defendant appeals. The appellate Court must dismiss the suit.

(*b*) An appeal presented after the prescribed period is admitted and registered. The appeal shall, nevertheless, be dismissed.

Proviso where Court is closed when period expires.

5. If the period of limitation prescribed for any suit, appeal or application expires on a day when the Court is closed, the suit, appeal or application may be instituted, presented or made on the day that the Court re-opens:

Proviso as to appeals and applications for review.

Any appeal or application for a review of judgment may be admitted after the period of limitation prescribed therefor, when the appellant or applicant satisfies the Court that he had sufficient cause for not presenting the appeal or making the application within such period.

Limitation for certain appeals or applications for review of judgment.

5A. Whenever it is shown to the satisfaction of the Court that an appeal or an application for a review of judgment was presented after the expiration of the period of limitation prescribed for such appeal or application owing to the appellant or applicant having been misled by any order, or practice, or judgment of the Chief Court, such appeal or application, if otherwise in accordance with law, shall for all purposes be deemed by all Courts to have been presented within the period of limitation prescribed therefor.

Special and local laws of limitation.

6. When by any special or local law now or hereafter in force in the Territories of Mysore, a period of limitation is specially prescribed for any suit, appeal or application, nothing herein contained shall affect or alter the period so prescribed.

Legal disability.

7. If a person entitled to institute a suit or make an application be, at the time from which the period of limitation is to be reckoned, a minor, or insane, or an idiot, he may institute the suit or make the application within the same period, after the disability has ceased, as would otherwise have been allowed from the time prescribed therefor in the third column of the second schedule hereto annexed.

Double and successive disabilities.

When he is, at the time from which the period of limitation is to be reckoned, affected by two such disabilities, or when, before his disability has ceased, he is affected by another disability, he may institute the suit or make the application within the same period, after both disabilities have ceased, as would otherwise have been allowed from the time so prescribed.

When his disability continues up to his death, his legal representative may institute the suit or make the application within the same period after the death as would otherwise have been allowed from the time so prescribed.

When such representative is at the date of the death affected by any such disability, the rules contained in the first two paragraphs of this section shall apply.

Disability of representative.

Nothing in this section applies to suits to enforce rights of pre-emption, or shall be deemed to extend, for more than three years from the cessation of the disability or the death of the person affected thereby, the period within which any suit must be instituted or application made.

Illustrations.

(*a*) The right to sue for the hire of a boat accrues to A during his minority. He attains majority four years after such accruer. He may institute his suit at any time within three years from the date of his attaining majority.

(*b*) A, to whom a right to sue for a legacy has accrued during his minority, attains majority eleven years after such accruer. A has, under the ordinary law, only one year remaining within which to sue. But under this section an extension of two years will be allowed him, making in all a period of three years from the date of his attaining majority, within which he may bring his suit.

(*c*) A right to sue accrues to Z during his minority. After the accruer, but while Z is still a minor, he becomes insane. Time runs against Z from the date when his insanity and minority cease.

(*d*) A right to sue accrues to X during his minority. X dies before attaining majority, and is succeeded by Y, his minor son. Time runs against Y from the date of his attaining majority.

(*e*) A right to sue for an hereditary office accrues to A, who at the time is insane. Six years after the accruer A recovers his reason. A has six years, under the ordinary law, from the date when his insanity ceased within which to institute a suit. No extension of time will be given him under this section.

(*f*) A right to sue as landlord to recover possession from a tenant accrues to A, who is an idiot. A dies three years after the accruer, his idiocy continuing up to the date of his death. A's representative in interest has, under the ordinary law, nine years from the date of A's death within which to bring a suit. This section does not extend that time, except where the representative is himself under disability when the representation devolves upon him.

8. When one of several joint creditors or claimants is under any such disability, and when a discharge can be given without the concurrence of such person, time will run against them all: but, where no such discharge can be given, time will not run as against any of them until one of them becomes capable of giving such discharge without the concurrence of the others.

Disability of one joint-creditor.

Illustrations.

(*a*) A incurs a debt to a firm of which B, C and D are partners. B is insane, and C is a minor. D can give a discharge of the debt without the concurrence of B and C. Time runs against B, C and D.

(*b*) A incurs a debt to a firm of which E, F and G are partners. E and F are insane, and G is a minor. Time will not run against any of them until either E or F becomes sane, or G attains majority.

9. When once time has begun to run, no subsequent disability or inability to sue stops it:

Continuous running of time.

Provided that, where letters of administration to the estate of a creditor have been granted to his debtor, the running of the time prescribed for a suit to recover the debt shall be suspended while the administration continues.

10. Notwithstanding anything hereinbefore contained, no suit against a person in whom property has become vested in trust for any specific purpose, or against his legal representatives or assigns (not being assigns for valuable consideration), for the purpose of following in his or their hands such property, shall be barred by any length of time.

Suits against express trustees and their representatives.

11. Suits instituted in the Territories of Mysore on contracts entered into in a foreign country are subject to the rules prescribed by this Act.

Suits on foreign contracts.

No foreign rule of limitation shall be a defence to a suit instituted in the Territories of Mysore on a contract entered into in a foreign country, unless the rule has extinguished the contract and the parties were domiciled in such country during the period prescribed by such rule.

Foreign limitation law.

Explanation 1.—In excluding the time during which a former suit or application was pending or being made, the day on which that suit or application was instituted or made, and the day on which the proceedings therein ended, shall both be counted.

Explanation 2.—A plaintiff resisting an appeal presented on the ground of want of jurisdiction shall be deemed to be prosecuting a suit within the meaning of this section.

Exclusion of time during which commencement of suit is stayed by injunction or order.

When a person who would, if he were living, have a right to institute a suit or make an application, dies before the right accrues, the period of limitation shall be computed from the time when there is a legal representative of the deceased capable of instituting or making such suit or application.

Effect of death before right to sue accrues.

When a person against whom, if he were living, a right to institute a suit or make an application would have accrued dies before the right accrues, the period of limitation shall be computed from the time when there is a legal representative of the deceased against whom the plaintiff may institute or make such suit or application.

Nothing in the former part of this section applies to suits to enforce rights of pre-emption or to suits for the possession of immovable property or of an hereditary office.

18. When any person having a right to institute a suit or make an application has, by means of fraud, been kept from the knowledge of such right or of the title on which it is founded,

the time limited for instituting a suit or making an application—

(*a*) against the person guilty of the fraud or accessory thereto, or

(*b*) against any person claiming through him otherwise than in good faith and for a valuable consideration,

shall be computed from the time when the fraud first became known to the person injuriously affected thereby, or, in the case of the concealed document when he first had the means of producing it or compelling its production.

19. If, before the expiration of the period prescribed for a suit or application in respect of any property or right, an acknowledgment of liability in respect of such property or right has been made in writing signed by the party against whom such property or right is claimed, or by some person through whom he derives title or liability, a new period of limitation, according to the nature of the original liability, shall be computed from the time when the acknowledgment was so signed.

Effect of acknowledgment in writing.

When the writing containing the acknowledgment is undated, oral evidence may be given of the time when it was signed; but oral evidence of its contents shall not be received.

Explanation 1.—For the purposes of this section an acknowledgment may be sufficient, though it omits to specify the exact nature of the property or right, or avers that the time for payment, delivery, performance or enjoyment has not yet come, or is accompanied by a refusal to pay, deliver, perform or permit to enjoy, or is coupled with a claim to a set-off, or is addressed to a person other than the person entitled to the property or right.

Explanation 2.—In this section "signed" means signed either personally or by an agent duly authorized in this behalf.

20. When interest on a debt or legacy is, before the expiration of the prescribed period, paid as such by the person liable to pay the debt or legacy, or by his agent duly authorized in this behalf,

or when part of the principal of a debt is, before the expiration of the prescribed period, paid by the debtor or by his agent duly authorized in this behalf,

Effect of part-payment of principal.

22. When, after the institution of a suit, a new plaintiff or defendant is substituted or added, the suit shall, as regards him, be deemed to have been instituted when he was so made a party:

Proviso where original plaintiff dies.

Proviso where original defendant dies.

Provided also that, when a defendant dies and the suit is continued against his legal representative, it shall, as regards him, be deemed to have been instituted when it was instituted against the deceased defendant.

Continuing breaches and wrongs.

23. In the case of a continuing breach of contract and in the case of a continuing wrong independent of contract, a fresh period of limitation begins to run at every moment of the time during which the breach or the wrong, as the case may be, continues.

Suit for compensation for act not actionable without special damage.

24. In the case of a suit for compensation for an act which does not give rise to a cause of action unless some specific injury actually results therefrom, the period of limitation shall be computed from the time when the injury results.

Illustrations.

(*a*) A owns the surface of a field. B owns the subsoil. B digs coal thereout without causing any immediate apparent injury to the surface, but at last the surface subsides. The period of limitation in the case of a suit by A against B runs from the time of the subsidence.

(*b*) A speaks and publishes of B slanderous words not actionable in themselves without special damage caused thereby. C in consequence refuses to employ B as his clerk. The period of limitation in the case of a suit by B against A for compensation for the slander does not commence till the refusal.

(*b*) A Hindu makes a bond, bearing a Native date only for the repayment of money within one year. The period of limitation applicable to a suit on the bond runs from the expiry of one year after date computed according to the Gregorian calendar.

PART IV.

ACQUISITION OF OWNERSHIP BY POSSESSION.

Acquisition of right to easements.

26. Where the access and use of light or air to and for any building have been peaceably enjoyed therewith, as an easement, and as of right, without interruption, and for twenty years,

and where any way or watercourse, or the use of any water, or any other easement (whether affirmative or negative) has been peaceably and openly enjoyed by any person claiming title thereto as an easement and as of right, without interruption, and for twenty years,

the right to such access and use of light or air, way, watercourse, use of water or other easement shall be absolute and indefeasible.

Each of the said periods of twenty years shall be taken to be a period ending within two years next before the institution of the suit wherein the claim to which such period relates is contested.

Explanation.—Nothing is an interruption within the meaning of this section, unless where there is an actual discontinuance of the possession or enjoyment by reason of an obstruction by the act of some person other than the claimant, and unless such obstruction is submitted to or acquiesced in for one year after the claimant has notice thereof and of the person making or authorizing the same to be made.

Illustrations.

(*a*) A suit is brought in 1881 for obstructing a right of way. The defendant admits the obstruction but denies the right of way. The plaintiff proves that the right was peaceably and openly enjoyed by him, claiming title thereto as an easement and as of right, without interruption, from 1st January, 1860, to 1st January, 1880. The plaintiff is entitled to judgment.

(*b*) In a like suit also brought in 1881 the plaintiff merely proves that he enjoyed the right in manner aforesaid from 1858 to 1878. The suit shall be dismissed, as no exercise of the right by actual user has been proved to have taken place within two years next before the institution of the suit.

(*c*) In a like suit the plaintiff shows that the right was peaceably and openly enjoyed by him for twenty years. The defendant proves that the plaintiff, on one occasion during the twenty years, had asked his leave to enjoy the right. The suit shall be dismissed.

Exclusion in favor of reversioner of servient tenement.

27. Provided that, when any land or water upon, over or from which any easement has been enjoyed or derived has been held under or by virtue of any interest for life or any term of years exceeding three years from the granting thereof, the time of the enjoyment of such easement during the continuance of such interest or term shall be excluded in the computation of the said last-mentioned period of twenty years, in case the claim is, within three years next after the determination of such interest or term, resisted by the person entitled, on such determination to the said land or water.

Illustration.

A sues for a declaration that he is entitled to a right of way over B's land. A proves that he has enjoyed the right for twenty-five years; but B shows that during ten of these years C, a Hindu widow, had a life interest in the land, that on C's death B became entitled to the land, and that within two years after C's death he contested A's claim to the right. The suit must be dismissed, as A, with reference to the provisions of this section, has only proved enjoyment for fifteen years.

Extinguishment of right to property.

28. At the determination of the period hereby limited to any person for instituting a suit for possession of any property, his right to such property shall be extinguished.

BANGALORE,
9th August 1896.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

Amendments in the Land Revenue Rules and Standing Orders relating thereto' issued during the official year 1895-96.

I. Ord · No. 302-10—*R. F.* 334-92, *dated* 1*st July* 1895.

Note to the Rules contained in Appendix E.

It is not the intention of Government to introduce the coffee tenure or assessment of the malnad into the maidan parts of the province. Land taken up for coffee cultivation in the maidan must be treated like land taken up for any other cultivation. It should bear the ordinary survey assessment.

2. Such land may be granted free of sale when it has no market value, and *shraya* may be given when it is unoccupied waste for which no applicants on full assessment are forthcoming.

II. Order No. 405-38—*R. F.* 80-94-95, *dated* 9*th July* 1895.

Note to Rule IX, paras 7 to 14.

The Rules published at pages 202, 203 and 204 of the Mysore Revenue Manual of 1886 and the instructions issued in Notifications Nos. 1461 (Camp) and 245, dated 22nd December 1886 and 10th February 1887, respectively, are applicable to all departments of the Public Service in the province except those in respect of which separate rules have since been laid down under the Mysore Land Revenue Code. The attention of the heads of all departments concerned is accordingly drawn to the Rules and Notifications above referred to, with a request that the instructions therein contained be strictly carried out in their respective departments.

III. Notification No. 918—*Rev.* 326, *dated* 19*th July* 1895.

To be read as para 10 *a* of R XXVI.

"10 *a.* If, in any case, the Deputy Commissioner should be of opinion that a wider publicity should be given to the notices issued under paras 8 and 10 than has been provided for therein, he may make an order accordingly after levying the cost thereof from the applicant."

IV. Notification No. 1689—*R.* 628, *dated* 9*th August* 1895.

To be read as para 15 of Rule XXVI.

"For purpose of transfers of names in column 3 of the Mohatarfa Register, Form 13, Appendix "A, Rules XXIV and XXV and clauses 8, 9 and 10 of this Rule "shall be applicable in so far as they may be."

V. Notification No. 1713—*R.* 639, *dated* 9*th August* 1895.

Appendix A, Form No. 13.

Government direct that the heading of column 2 in Form No. 13, Appendix A of the Land Revenue Rules, issued under Government Notification No. 150, dated 22nd July 1890, be altered from "No. in Form 10" to "No. in Form 11."

VI. Order No. 1758-65—*R.* 659, *dated* 10*th August* 1895.

Note to Rule XL.

Government observe that Sections 181 and 182 of the Land Revenue Code contemplate two different stages, and it is only after the deposit made by the purchaser at the first sale is forfeited that a second sale should be ordered. If at such second sale there should be any deficiency the same must be made good by the first purchaser under Section 182 without reference to the deposit already forfeited under Section 181. The forfeiture of the deposit is independent of the liability to pay the deficiency and cannot be taken into account in fixing such liability.

VII. Order No. 3092-99—*R.* 1209, *dated* 11*th September* 1895.

Note to Rule XII.

The object of the Deputy Commissioner's reference in regard to a general ruling on the subject of gomal lands is not understood. When each case calls for the exercise of discretion and judgment, it is plain that no hard and fast rule can be laid down for general guidance. Each case must be decided on its own merits, and in order to guide the Government in arriving at a proper decision Deputy Commissioners are expected to give the full facts of the case and their own opinion properly formed.

VIII. Order No. 3562-70—*R.* 1422, *dated* 13*th October* 1895.

Note 1 to paras 9 and 14 of Rule XXX.

The proper maintenance of boundary marks is an important work to which particular attention should be paid by Amildars. The Jamabandi Officers must not fail to inspect a fair proportion of these boundary marks and to notice their condition in their reports. The Deputy Commissioners are also expected to exercise timely and efficient supervision in the maintenance of the field boundary marks.

IX. Order No. 5479-87—*R. F.* 263-92, *dated* 12*th December* 1895.

Note 2 to paras 9 and 14 of Rule XXX.

1. Para 2 of Government Proceedings No. 14996-5004—R. 1831, dated 8th March 1893.

2. Para 2 of Government Proceedings No. 6346-54—R. F. 318-92, dated 29th September 1893.

3. Proceedings No. 3562-70—R. 1422, dated 15th October 1895.

The attention of the Deputy Commissioners of districts is drawn to the orders marginally noted and they are requested to pay particular attention to the maintenance and examination of field boundary marks in their respective districts.

X. Order No. 6227-36—*Pet.* 1265, *dated* 10*th January* 1896.

Note 1 to para 4 of Rule XLIII.

The Deputy Commissioner of Tumkur brings to notice the existence of the practice in his district of referring regular claims to hereditary village offices to Amildars for enquiry and report. He entertains doubts as to the legality of this practice and accordingly solicits instructions as to whether it may be continued.

2. Government observe that the practice thus reported to prevail in the Tumkur district is not in accordance with law. The claims mentioned above fall under clause (*a*) of Section 221 of the Mysore Land Revenue Code. Under para 4 of Rule XLIII of the Land Revenue Rules such claims are not cognizable by Amildars ; but have to be enquired into and decided by Deputy Commissioners. The enquiry prescribed for claims of this description is a "formal" one (*vide* para 3 of the Rule quoted above). Para 1 of this Rule lays down that a "formal" enquiry should be conducted in accordance with Sections 201 and 202 of the Revenue Code, which require the evidence to be taken down "by, or in the presence and hearing and under the personal superintendence and direction of the officer making the investigation or enquiry, and shall be signed by him." It is thus obvious that the enquiry should be held by no other officer than the one empowered by law to pronounce a decision in such cases. Government are of opinion that no modification of the Rules in this respect is desirable.

3. The practice which has hitherto obtained is clearly erroneous, and should be discontinued.

XI. Order No. 6289-323—*R.* 2424, *dated* 12*th January* 1896.

Note to Rule IX, paras 7 to 14.

The Rules of 29th May 1863 published at pages 202 and 203 of the Revenue Manual and Rule IX of the Rules framed under the Land Revenue Code contain provisions regarding the acquisition of lands by public servants. They do not absolutely prohibit an officer from acquiring landed property by reason merely of such property being situate within the limits of his jurisdiction, but they prohibit an officer acquiring land from taking a direct part in the cultivation of the same. With the object of giving practical effect to the last mentioned prohibition, the Order of Government No. 24973—R. 3701 of 26th June 1895, was issued. With a view to restrict this order to the requirements of the object in view, the Government resolve to modify it as follows :—

"Order—Government observe that in an agricultural country like Mysore, with a service drawn "from the people of the country, the rules ought not unconditionally to restrict a public servant from "acquiring lands.

"2. The policy of the Durbar is to permit Government servants to acquire lands when such "acquisition is perfectly above board and the lands are outside the jurisdiction of the officer acquiring, "or, if within his jurisdiction, they are old cultivated lands held by tenants paying a stipulated rent "in kind or cash, and as such not requiring any portion of the officer's personal attention for their culti-"vation. The policy should be the same in all Government departments. Every case of proposed "acquisition will of course be scrutinized and sanction refused if any use of official position now or "hereafter is to be apprehended, but no public official must be placed under a disability to acquire "lands."

XII. Order No. 8652-84—*R. F.* 69-95, *dated* 21*st March* 1896.

Note to para 15 of Rule XXVI.

Government approve of the suggestion made by the Deputy Commissioner of Bangalore and concurred in by the other Deputy Commissioners, and are pleased to direct that paras 1, 2, 3, 4, 7, 12, 13 and 14 of Rule XXVI of the Revenue Rules shall apply to mohatarfa paying buildings. A Notification amending para 15 of Rules XXVI of the Land Revenue Rules will accordingly be published in the *Gazette*.

It should be distinctly understood that this extension does not relieve the village and other officials of their duty of making a proper enquiry into the truth or otherwise of absolute relinquishments, nor does it preclude Jamabandi Officers from granting reasonable and just remissions in special cases even in the absence of a razinama.

XIII. Notification No 8685—*R. F*, 69-95, *dated* 21*st March* 1896.

The Government of Mysore are pleased to direct that para 15 of Rule XXVI of the Land Revenue Rules, as substituted by Notification No. 1689—R. 628, dated 9th August 1895, be amended as follows :—

Between the word "clauses" and the figure "8," insert "1, 2, 3, 4, 7," and after the figure "10," insert "12, 13 and 14," and omit the word "and" connecting the figures 9 and 10.

2. The para thus amended will read as follows :—

Para 15.—For purposes of transfers of names in column 3 of Mohatarfa Register, Form 13, Appendix A, Rules XXIV and XXV and clauses 1, 2, 3, 4, 7, 8, 9, 10, 12, 13 and 14 of this Rule shall be applicable in so far as they may be.

XIV. Notification No. 8746—*R.* 3382, *dated* 26*th March* 1896.

Para 6, Appendix E.

The Government of Mysore are pleased to direct that the following additions be made in para 6 of the Rules in Appendix E of the Rules under the Mysore Land Revenue Code, issued under Government Notification No. 150, dated 22nd July 1890.

(1) After the words "duly demarcated and shall" in line 2, add the word "ordinarily."

(2) After line 3, add the following :—

[*Proviso*] "Provided that, in exceptional cases where a sale by public auction is undesirable, the Government may order the grant of the land to the first applicant or to any other person on a fair valuation."

XV. Order No. 9123-30—*R.* 3535, *dated* 4*th April* 1896.

Register for special notices to persons interested in the continuance of of an occupancy or alienated holding. Note to para 9 of Rule XXXII.

The Government are pleased to direct that in the form of "Register for special notices" prescribed in Government Proceedings No. 4377-84—R. 624-92, dated 14th September 1892, between the first column showing the general number and the second column showing the name of the registered khatedar, two columns be opened, one to show the name of the hobli and the other the name of the village to which the land belongs.

XVI. Order No. 9142-49—*R.* 3539, *dated* 4*th April* 1896.

Note 2 to para 4 of Rule XLIII.

Section 221 of the Land Revenue Code excludes certain matters from the jurisdiction of Civil Courts. Para 3 of Rule XLIII of the Mysore Land Revenue Rules lays down that all cases thus excluded "are adjudicable by Revenue Officers." Para 4 of the same rule enumerates certain cases and lays down that they "are not cognizable by the Amildars." It further provides that "the suits or claims in such cases should be instituted before the Deputy Commissioner, or Assistant Commissioner in charge of the taluk." This para thus makes a distinction between *taking cognizance of cases* and *institution of cases.* The Amildar's cognizance being expressly barred, regular claims to hereditary village offices have to be taken cognizance of by officers superior in rank to Amildars. An Assistant Commissioner not placed in charge of a taluk is one of such officers. There is, therefore, nothing to prevent him from taking cognizance of such claims. But as shown above there is an express provision as regards the officers before whom such claims should be instituted. An Assistant Commissioner not placed in charge of a taluk is not one of those officers. It follows from this that cases of the kind under notice *cannot be instituted* before him, though they can be *taken cognizance of by him.* In other words when any such claim, though not entertainable by him in the first instance, comes properly before him by transfer after its institution before the Deputy Commissioner or an Assistant Commissioner in charge of a taluk, it clearly becomes cognizable and adjudicable by him. On the authority of the orders of Government conveyed in Proceedings No. 1925-32—G. 480-92, dated 5th August 1892, Deputy Commissioners are competent to regulate, from time to time, the powers of Assistant Commissioners not placed in charge of taluks with reference to their special qualifications. To be able to enquire into and decide such cases, and cases of the several classes specially mentioned in para 4 of Rule XLIII, referred to him by the Deputy Commissioner, an Assistant Commissioner not placed in charge of a taluk is competent to take evidence in the manner prescribed by law, and there is nothing in Government Proceedings No. 6227-36—P. 1265, dated 10th January 1896, to preclude him from doing so. The object of that Order was simply to condemn as illegal the practice of Amildars being asked to hold an enquiry into cases not adjudicable by them.

XVII. Order No. 10063-65—*R.* 3873, *dated* 12*th May* 1896.

Note to Rule XI.

Deputy Commissioners have power to permit kharab lands being appropriated for building purposes. The grant of a similar power as regards lands specially reserved under Section 39 of the Land Revenue Code seems unnecessary. In cases of real necessity, there is no difficulty or delay in obtaining the sanction of Government. The amendment of Section 39 does not, therefore, seem desirable.

XVIII. Order No. 4058-65—*Cir.* 78, *dated* 26*th July* 1890.

Note to the Rules contained in Appendix I.

The Rules of 17th September 1881 refer only to "unassessed Government waste land," which, on application, may be granted for garden cultivation on shraya tenure. They were apparently not intended to apply to culturable waste, the assessment of which is only temporarily held in abeyance. In this view, the applications for the grant, on shraya tenure, of a portion of the free pasture land of the village, which is classed as culturable, is inadmissible.

Letter No. 1155, dated 27th May 1896, from the Deputy Commissioner, Bangalore district, soliciting sanction to the grant of a loan of Rs. 300 to one B. Srikantaiya, a Mysore Government scholarship student of the Agricultural College at Saidapet, for improving his land in sarvamanyam Talavadi village, Kankanhalli taluk, and stating that Regulation IV of 1890 and the rules framed thereunder do not provide for the grant of loans for the improvement of lands held on inam tenure.

Before proceeding to offer any comments upon the foregoing statements, I must explain, by way of preface, that the figures therein given for the year 1895-96 are only approximate and not actual, as the accounts of the year have not yet been finally closed under the following circumstances. You doubtless remember how three years ago it was found necessary, as a result of the extension of the *khistbandi*, to advance the end of the official year by three full months from 31st March to 30th June. This has reduced the interval of time between the close of the official year and the Dasara from six to three months, and the latter interval is found to be quite insufficient for the methodical final closing of the year's accounts, with all necessary adjustments, after reference to, and explanation from, the various District and Departmental officers concerned. During the past three years we have tried the plan of closing the year's accounts before the Dasara, but the strain thereby imposed upon the Account Department is found to be undesirable in many ways. It has thus become necessary to adopt, for the purpose of the annual meeting of this Assembly, the preliminary figures for the past year, the latest final figures available being those for the year preceding it.

Land Revenue.—Turning now to the statement of Income, the first item which claims our attention is Land Revenue. In the amount actually realized, there has been an increase of Rs. 1,92,801. This improvement was due chiefly to extension of cultivation. An aggregate area of 94,000 acres of waste land bearing an annual assessment of Rs. 1,02,000 was taken up during the year for occupation. The extension was most marked in the Districts of Kolar and Tumkur. The sale of occupancy rights, Salt pans and other minor sources also contributed in some measure to the improved collection of the year, and the uncollected balance at its close was normal (namely Rs. 4,90,000 against 5,05,000 at the close of 1894-95).

You will be glad to hear that the continued improvement of "Land Revenue" during the past several years, has enabled the Government to adopt definite measures for a material reduction of the taxation upon the Malnad *Areca* gardens. The subject had come under discussion at previous meetings of the Assembly and had been under enquiry and investigation for some years past. It is not necessary on this occasion to enter into the conflicting opinions advanced from time to time. It is evident that the garden owners, with scarcely any exception, all prefer a reduction of the land tax which is fixed and is felt as burdensome, to the abolition of the Sayer duty, the incidence of which is regulated by the year's actual production, and it is also clear that they do not look with favor upon a system of Tree-tax, though under such a system the land tax would be reduced to the very moderate ordinary rice

rates and the Sayer abolished altogether. Under such circumstances, the Government have decided to reduce the garden land tax in the Malnad (*i. e.*, in the four important *Areca* producing Taluks of Sorab, Sagar, Nagar and Koppa), to the rates in force in the Tirthahalli Taluk, which are acknowledged by all concerned as moderate and as equitable in every way. The Superintendent of the Revenue Survey and Settlement has accordingly been instructed to revise the assessment of gardens in the four Malnad Taluks above-named, so as to make the resulting ratio of assessment per acre to value of gross acreage produce, correspond with what already prevails and has given satisfaction in the Tirthahalli Taluk. The revision operations which are ordered to commence next cold weather will be pushed to rapid completion. The measure involves some sacrifice of the present Land Revenue, but it will afford very substantial relief to an agricultural class, deserving of special consideration. The relief intended is fully 22 per cent of the present *Areca* Land tax.

Stamps.—The Revenue from both General and Court Fee Stamps shows a small increase, which was fairly distributed throughout the Province and aggregated Rs. 53,630.

Excise.—To the increase of Rs. 1,97,842 under Excise, Arrack contributed Rs. 1,03,921, Toddy Rs. 83,150 and other items Rs. 10,771. The increase under Toddy included the sum of Rs. 40,000 being the arrears of the previous year, leaving the balance of Rs. 43,000 as the real increase of the year, and this resulted from competition at the sales of Vend Farms. Out of the increase under Arrack, about Rs. 33,000 was on account of the higher rental secured at the sales of Vend Farms and Separate Shops, and Rs. 71,000 was the increase in duty on a larger consumption.

The actual quantity of arrack consumed in the Province rose from 426,573 to 443,486 gallons, showing an increase of 16,913 gallons or about one-half the increase observed last year. The increased consumption is found to be very unequally distributed. The Bangalore City and the Kolar Gold Fields, our chief industrial centres, where the number of shops was the same as in the previous year, each cotributed fully to a third of the entire Provincial increase. Examining the rate of increase during the past two years, we observe that in the Coffee Taluks it has declined from 13·49 to 2·07 per cent, in the particular localities comprising the Bangalore City and Taluk, the Kolar Gold Fields and the Mysore City, the decline was from 10·82 to 6·9 per cent, and in the rest of the Province from 5·61 to 2 per cent. The increased consumption of the past year, though less when compared with that of the year previous, is still of

an appreciable nature, and there apparently is no sufficient means of checking such increase so long as favorable seasons and high rates of wages continue. Our arrack system, as you know, discountenances new shops except in localities where the practice of illicit distillation is proved, and it puts as high a price on the liquor as the consumer is able to bear without undue hardship. The selling price is already as high as 1 anna 8 pies the dram, equal to Rs. 5-5-0 per gallen 20° under-proof. Whether the duty for the locally manufactured article which is already Rs. 4 per gallon 20° under-proof can be safely raised to Rs. 4¾ (which is very nearly the British Customs Duty under the Indian Tariff Act VIII of 1894, per gallon of imported spirit of the strength of 20° under-proof), so as to allow of the price to the consumer being increased from Rs. 5-5-0 to Rs. 6-6-0 per gallon, is a question which is now engaging the attention of the Government. In coming to a decision it is necessary to consider how far so high a price as Rs. 6-6-0 per gallon, *i. e.*, 2 annas per dram, is calculated to inflict undue hardship upon the consumer who belongs generally to the laboring classes, or is likely to create an exceptional temptation for illicit importation or manufacture.

Sayer.—There was a falling off of Rs. 12,674 in Sayer collections, owing chiefly to a decline in the selling price of *Areca-nut* which was very noticeable during several months of the year.

Forests.—Under "Forests" excluding Elephant Kheddas, there has been a decrease of revenue to the extent of Rs. 79,526 due to smaller sales of sandalwood and timber. The sandalwood market was again dull last year and about 292 tons, representing a value of more than a lakh of rupees, had to be withheld from the annual sales.

Elephant Kheddas.—There were two drives and 32 elephants were captured. The first drive was witnessed by His Excellency Lord Elgin, Viceroy and Governor-General of India, and the second by His Excellency Lord Wenlock, Governor of Madras. The receipts fell to Rs. 30,329 owing chiefly to failure of operations at Chamrajnagar and the smaller herds captured at Kakankote. The expenditure rose to Rs. 77,623 owing to extensive repairs to the Kakankote Kheddas, payment of compensation for loss of crops and charges of operations in the Kadur and Shimoga Districts. The Department is being worked at a loss. The herds of elephants have apparently learned to avoid the fixed kheddas, and it has become necessary to resort to a system of drives, which cost much labor and expense but only succeed in securing small fractions of the herds. The desirability of a cessation of operations for some years to come is thus forcing itself upon the consideration of the Government, but before taking any final action, it has been decided to give a

year's trial to a different system of capture by surrounding the herds in the Forests, which, as carried on elsewhere, appears to have equal chances of success with probably less cost.

Gold Mining.—The Gold Mining Industry continues to prosper. The value of the precious metal extracted during the year amounted to £1,109,044 against £890,831 during 1894-95. The royalty on the year's production was £55,452, equivalent to Rs. 9,75,827 at the average exchange rate of 1895-96. The royalty actually realized and brought into account before the close of the year, however, was only Rs. 7,72,885.

Details of the production of the various mines during the past two years are given in the following table:—

* approximate.

Mysore, Champion Reefs, Urigam and Nundydroog are far ahead of the other mines. Mysore West and Mysore Wynaad are making satisfactory advance. Outside the Kolar Field, I regret to say, Kempinkote failed to meet with success, and Honnali is not being worked on a satisfactory scale.

Investments.—In the income from Investments there is noticeable a marked decline, owing to the reduction of the rate of interest for Government of India Securities from 4 to 3½ per cent. The interest received on Madras Bank Deposits was also smaller, owing to the general prevalence of lower rates of interest.

State Railways.—The Railway Receipts show an improvement of Rs. 89,222 owing to causes which I shall explain elsewhere.

To sum up, the improvement under Land Revenue, Excise, Gold Mining and Stamps amounted to over $4\frac{3}{4}$ lakhs. *Per contra*, there was a falling off of nearly two lakhs under Forests and Investments; the adjustment made in 1894—95 of previous year's acreage contributions, which added about $1\frac{1}{2}$ lakh to that year's receipts, did not of course recur; the Railway earnings were somewhat better than in the previous year; and the net improvement in total Revenue was over 2 lakhs.

Expenditure.—The total expenditure of the year including Railways was Rs. 162,55,852 against Rs. 163,65,943 in 1894-95. The principal items of increased expenditure are explained below:—

Rs.

80,000 under "Pensions to the Members of the Royal Family," is the amount of State Pension to the First Princess which became payable last year under the sanctioned scheme of State Pensions for the children of His Highness the late Maharaja.

42,898 under "Refunds," was due chiefly to the payment of amounts due to certain Inamdars which had been credited to the General Revenues in previous years.

20,664 under "Land Revenue Establishments," was due mainly to the revision of the salaries of Amildars and Deputy Amildars.

80,462 under "Remuneration of Village Servants," was on account of recently settled Taluks.

51,095 under "Forests" was owing to the repair of the extensive damage done to the Kakankote Kheddas by unusual floods, to the Khedda operations in Shimoga and Kadur, to the appointment of a separate Head of the Forest Department, &c.

79,514 under "General Administration," was chiefly on account of new items such as His Highness the Maharaja's education, the salaries of Councillors, &c.

27,189 under "Courts," was due to Special Tribunals for the adjustment of Brijilal Dass' claim and for land acquisition, to transfer of cost of the City Magistrates' Courts from "Land Revenue," &c.

23,909 under "Police," was on account of the purchase of carbines at a cost of Rs. 14,000 and allowances to the Talaries appointed to watch special ghaut roads.

16,462 under "Education," was due to the ordinary growth of the Department.

56,292 under "Medical" was owing chiefly to the increased supply of Europe medicines and to new buildings.

11,042 under "Scientific and Minor Departments," was due to the Geological Survey Establishment and Equipment being brought into full effect from 1895-96.

Rs.

46,927 under "Stationery and Printing," was on account of the purchase of special paper for Court purposes and the larger supply of Europe Stationery and Printing materials; and

2,75,007 under "Public Works," will be separately noticed hereafter.

The most noticeable decrease in expenditure was under Railways, owing partly to better exchange rates which reduced the interest payment on the English loan, and chiefly to the annual payment of 4 lakhs into the Railway Loans Redemption Fund being deferred pending the final approval of the Government of India to certain proposals regarding a separate Sterling Sinking Fund. It is proposed to limit the present Fund, which is in Rupee currency, to the 20 lakhs required to repay the local Railway loan, and at the same time to form a Sterling Sinking Fund for the liquidation of the Sterling Loan of £1,200,000 repayable in the year 1936. The annual payment required for such a Sterling Sinking Fund is £14,630 (equivalent to about 2½ lakhs at present exchange rates) for 42 years from 1895 to 1936.

I now hand you the statements of the Net Income and Expenditure of the State under all heads.

You will observe that the surplus of the year, after bearing a Railway deficit of 2½ lakhs, amounted to twenty lakhs, and, if we take into account the deferred Railway Loans Redemption Fund payment already explained, it will be reduced to about sixteen lakhs as in 1894-95.

The surplus of the year, Rs. 20,10,252 added to the opening balance of Rs. 127,23,615, gave a closing balance of Rs. 147,33,867 on 30th June 1896. Of this amount, Rs. 98,57,800 represent the nominal value of Government Securities (both Government of India Pro-Notes and Mysore Railway Debentures), and the remainder is the balance in the Madras Bank and the various Government Treasuries. The balance to the credit of the present Railway Loans Redemption Fund (proposed to be reduced to 20 lakhs as before explained) amounted to Rs. 28,69,395.

Before taking leave of the subject of finance, you will be glad to hear that the working of State Railways during the last year was fairly remunerative. The details are given in the accompanying statement:—

On all our Railway Lines, the Gross Receipts show considerable improvement, and the proportion of working expenses to Gross Receipts was appreciably lower. In the case of the Mysore-Harihar Line, which is managed under the Southern Mahratta Railway Contract, the improvement in net earnings was very substantial and amounted to nearly 2 lakhs of rupees. On this line the percentage of net earnings to capital outlay rose to 4·57 from 3·33 in the previous year. The younger lines on the metre gauge, Bangalore-Hindupur and Mysore-Nanjangud, showed net earnings which represented 3·62 and 2·81 per cent of their respective capital, while the small Kolar Gold Fields Branch on the Standard Gauge earned the high rate of 8·72 on its capital. On the whole the net earnings of the State Railways must be regarded as highly satisfactory. But in the case of the Mysore-Harihar Line which is worked under the Southern Mahratta Railway Contract, there was a loss of Rs. 2,45,060. This was due to two causes, namely, 1st, the small exchange value of the Rupee which had the effect of raising our interest rate to 5·06 per cent on capital outlay, and 2ndly, the Company's one-fourth share of profits which represented 1·14 per cent capital outlay.

*Vide Appendix.

The Preliminary Budget* for the current year, which is now before you, provides for an expenditure of Rs. 171,02,000. But it is desirable that I should draw your attention to the fact that the Revised Budget will have to take into account the proposed Sterling Sinking Fund, which I have already explained to you, the capital outlay on the proposed Birur-Shimoga Railway, which is properly not a charge on current revenues, and finally the provision required for payment of the enhanced Subsidy, which the generosity of the British Government had postponed for 15 years from the date of the Rendition and is now due from the current year.

Agricultural Banks.—As promised in my address of last year, model forms of the memorandum and articles of association for Agricultural Banks were duly promulgated. There is evidently an increasing appreciation of the benefits of such banks and at present there are 14 of them with Government loans aggregating Rs. 2,19,000. Fourteen new banks are in course of formation and the loans asked for on account of them amount to Rs. 9,65,000. Before any further expansion of the system is encouraged it is considered desirable to employ a special agency for the supervision of these Banks in the stability and continued improvement of which both the people and the Government are so deeply interested.

State Life Insurance.—There are now 1,645 effective policies, assuring an aggregate sum of Rs. 15,29,986-4-0, and realizing a monthly premium of Rs. 6,056-8-0. The total

number of bonuses paid up to the end of the year was 21, of the total value of Rs. 26,149. Deducting bonuses paid as well as establishment charges and contingencies, there was left in favor of the Fund a balance of Rs. 1,66,632 at the close of the year. It is indeed too early to judge of the financial effects of the scheme. So far, the State has been proceeding on lines whose safety has been established by experience elsewhere. It will be necessary ere long to submit the system for the examination of an Actuary. It must however be constantly borne in mind that the scheme owed its origin not to financial considerations of any kind, but wholly to His Highness the late Maharaja's gracious desire to confer upon members of the subordinate Public Service a substantial benefit over and above the ordinary pensions and gratuities grantable under the rules in force.

Local and Municipal Funds.—*Local Funds.*—Very nearly the whole of the revenues levied for local purposes was derived from the "one anna cess" on Land Revenue, Sayer, Excise and "Miscellaneous Revenue." The cess is a separate and additional levy as regards the Land Revenue and Sayer, but as regards Excise and Miscellaneous, it is virtually an assignment for local purposes of $\frac{1}{17}$th of the actual State Revenue. The total realizations of the cess during 1895-96 were as follows:—

	Rs.
On Land Revenue ...	6,58,048
On Sayer ...	26,842
On Excise ...	1,97,440
On Miscellaneous ...	10,534
Total.....	8,92,864

Twenty-four per cent of the total cess was, as usual, assigned for Village Education. The remaining seventy-six per cent of the cess on Land Revenue and on the Sayer of the Shimoga and Kadur Districts (where most of the Sayer is collected) was placed at the disposal of the various Local Fund Boards, while seventy-six per cent of the cess on the Excise and Miscellaneous Revenues and on the Sayer of Districts other than Shimoga and Kadur, was credited to "Local Funds General" to meet exceptional public local requirements beyond the ability of the various Local Boards.

The income at the disposal of the Local Boards of the various Districts from the 76 per cent of the one anna cess above explained and from minor sources aggregated Rs. 6,51,649, and the expenditure was distributed as follows:—

	Rs.
On Roads and other Public Works ...	5,01,761
On Sanitation, Medical aid, &c.	1,33,159
Total	6,34,920

The income of the "Local Funds General" amounted to Rs. 1,71,603 and the expenditure was as follows:—

	Rs.
1. Grants-in-aid to District Local Funds ...	48,272
2. Drinking water wells and Miscellaneous Public Improvements, &c.	33,334
3. Industrial School and Karnatic and Yunani Hospitals	11,435
Total.....	93,041

Municipal Funds.—The gross receipts of the two principal Municipalities of the Bangalore and Mysore Cities amounted to Rs. 2,78,588, being about Rs. 1—12—10½ per head of population. The income of the remaining 106 Municipalities was Rs. 3,55,954, being about Rs. 0-14-8 per head of population.

The total Municipal expenditure of the Province amounted to Rs. 6,10,230 and was distributed as follows:—

	Rs.		
1. Public Works ...	2,30,798 or	37·82	per cent.
2. Conservancy and Sanitation	1,20,119 or	19·68	"
3. Medical aid ...	39,945 or	6·55	"
4. Education	35,770 or	5·86	"
5. Miscellaneous ...	1,83,598 or	30·09	"
Total ...	6,10,230 or	100·00	

Public Works.—I will now pass in review our Public Works operations of the year.

The expenditure on works of all descriptions (exclusive of Railways) amounted to the large total of Rs. 40,30,021 against Rs. 34,01,894 of the previous year. This unusually large outlay was mainly due to the water-works of Bangalore and Mysore, as the cost of the machinery pipes and plant procured from Europe was necessarily very great, and each consignment had to be paid for as soon as delivered on board the steamer at the port of departure. A large proportion of the cost of these projects was therefore concentrated in this particular year.

The sources from which the outlay was met were as follows:—

	Rs.
General Revenues	32,33,502
District Funds	4,32,536
Irrigation Cess Fund	3,00,955
Palace and Other Departments	63,028
Total ...	40,30,021

Classifying by service heads, the distribution of the expenditure on both Original Works and Repairs, was as follows :—

	Rs.
Chamraj Water-works for the supply of the Bangalore City from Hessarghatta	7,13,550
Vanivilas Water-works for the supply of the Mysore City from the Cauvery river ...	2,52,961
Military Buildings	75,816
Civil Buildings	2,52,316
Communications	8,78,034
Miscellaneous Public Improvements	43,746
Irrigation	10,40,218
Tools and Plant	17,040

Sanitary Works	1,12,020
Suspense Accounts	—4,709
Total	...39,66,993
Works debitable to Palace and other Departments	... 63,028
Grand Total	...40,30,021

I shall now proceed to give some details as regards works of all kinds under progress during the year.

Water-supply of Bangalore and Mysore.—I am happy to be able to inform you that both the Chamraj and Vanivilas Water-works are now practically completed and water is being distributed over the Cities of Bangalore and Mysore as fast as pipe-laying and fountain-building can be pushed forward. I have no doubt you share my belief that this great boon from His Highness the late Maharaja will most effectively conduce to the public health and weal. The two works together are estimated to cost about 20 lakhs, of which nearly one-half was expended during the past year.

Military Buildings.—Under "Military," new lines were built for the Barr Troops stationed at Bangalore, Chitaldroog and Shimoga. But nearly one-half the year's outlay was incurred for the purchase of the land required for the construction of proper barracks for the Imperial Service Troops at some distance from the town. It is necessary, for discipline and training, to house troops of this high class at a distance from the crowded quarters of the city, and therefore the abolition of the present barracks and their location on a suitable new site has been determined on. The estimate for the new barracks costing about 4¾ lakhs, has already been sanctioned, and it is proposed to regard the work as of an urgent character and to complete it as quickly as possible.

Civil Buildings.—Of the outlay of Rs. 2,52,316 incurred on Civil Buildings, Rs. 1,76,304 were spent on new buildings for the several Departments of the State, such as the Geological Laboratory at Bangalore, Residence for the Tutor and Governor to His Highness the Maharaja, three new Taluk Cutcherries, Record Rooms, &c.

Communications.—The expenditure under Communications amounted to Rs. 8,78,034. Five thousand and ninety-one miles

of road had to be maintained during the year; and in addition to this enormous mileage of opened roads, 102 miles of new roads, besides the large bridge over the Káveri at Yedatore and the metalling of many gravelled roads, were under execution.

The satisfactory completion and opening of the Yedatore bridge is, I am sure, a source of satisfaction to the whole population of that Taluk, and I hope that during this current year, the Public Works Department may be able to commence the construction of its companion bridge at Hole-Narsipur across the Hemávati river which is now so serious an impediment to free and easy communication between Mysore and Hassan. Another important bridge which I hope to see commenced in the current year is the one across the Bhadra river at Tadasa, which will vastly improve the accessibility of the coffee tracts about Koppa from the Railway and our main system of roads.

Irrigation.—Under Irrigation, the expenditure aggregated Rs. 10,40,218, of which Rs. 7,91,877 was debited to the General Revenues and Rs. 2,48,341 to the Irrigation Cess Fund. Progress was on the whole satisfactory, and several works which had been in hand for some years have now been completed.

In the Bangalore Division seven large tanks were under restoration and improvement, and six of them have already been completed.

In Tumkur, one small anikat, the enlargement of five major tanks and the large new reservoir across the Garudachella river near Mavatur, have been under progress, and the full utilisation of the great Borankanve Reservoir is being effected by extension of the channel system under it.

In Chitaldroog the large new tanks at Vuduvalli and Kathral progressed well.

In Mysore the Holasal (Talkad) channel extension and the new Hulhalli channel of Nanjangud were pushed on quickly and a large acreage of the lands commanded by them is already under irrigation.

In French Rocks, the Kalhalli channel extension and six major tank restorations progressed fairly.

In Shimoga the improvement and extension of the channel system under the great Sulikere tank were the chief Irrigation works in hand.

In Kadur the big Kuksandra Tank and the Bannur anikat and channels made satisfactory progress.

In Hassan the South Srirámadevara channel extension was nearly completed and the lands below it are being rapidly taken up for cultivation.

In the Alalkatte Channel Division, which was specially constituted for working out the new Chamaraj channel, which is to effect an important readjustment and extension of the Saligram Series, work progressed most rapidly during the year and it is expected that the current year will see this fine project completed, unless a still further extension of it, now under investigation, is found feasible.

Sanitation.—On Sanitary works the outlay incurred amounting to Rs. 1,12,020 was on the water-supply of Closepet, Chintamani, Hunsur, Yedatore, Nanjangud and Chikmagalur and on small works of sanitation and drainage for Chitaldroog, Harihar, Davangere, Kadur and Shimoga. The main and subsidiary drains and the roads in the Western Extension of Bangalore were also included under this head.

Railways.—The survey of the proposed Railway from Arsikere to Mangalore on the West Coast, *viâ*, Hassan and Manjarabad, has been completed by the British Government. The cost of the Ghaut portion is expected to be very heavy, and the project is therefore in abeyance, pending further investigation of the amount of traffic which the line may be expected to command. In the meantime, the Durbar are anxious to undertake the construction of a part of this Railway, namely the section from Arsikere to Hassan, and proposals for it have accordingly been submitted to the Government of India for its sanction.

The branch from Birur to Shimoga has been recently approved by the Government of India and arrangements for its construction are now being made.

Forecast.—You will observe from the foregoing brief summary that the effort of the last 10 or 12 years towards the development of the country by the construction of Railways, the improvement of communications, the extension of irrigation and the execution of important water-supply and sanitary works, was not relaxed during the past year. It is the intention of the Durbar to maintain the same liberal policy in the future to the utmost extent of the State's financial resources for the time being. But I may here state that the enhanced Subsidy falls due from the current year, and that in view of the retrenchment thereby rendered necessary, the chief spending department of the State was naturally the first to come under consideration for a curtailment of its operations. It has been decided to reduce the normal annual D. P. W. grant for works other than Railways, from the 25 lakhs of the past five years to 15 lakhs in future years, but as this reduction will involve the abandonment of several large works of recognized utility which ought not to be postponed, it is the intention of the Durbar to provide for these specific works by a special annual grant based on their requirements and spread over a series of years. Hence the Budget sub-division of the current year's Grant from General Revenues, into "Ordinary" and "Special."

Geology.—The field and prospecting work performed by the Department during the year resulted in a large addition to the knowledge of the mineral wealth of the State. The training of Apprentice Geologists continues to receive the best attention of the Department. The area geologically

mapped during the tours of the year was nearly 500 square miles. The general geological character of a considerable tract was also ascertained. The inspection of Gold Mines formed a good part of the work of the Department. The prospecting work has brought to notice the great wealth in iron ores, both magnetic and hematitic, of the beds forming the upper part of the Dharwar System in the Baba Budan Hills and the group of great hills west of Kadur.

Administration of Justice.—Mr. Justice J. W. Best, Barrister-at-Law, a retired Puisne Judge of the Madras High Court, was appointed Chief Judge of Mysore and in November 1895 he assumed charge of that office from Rajadharma Pravina Mr. T. R. A. Thumboo Chetty, C. I. E., who till then held it in addition to his duties as Councillor.

The temporary Sub-Judge's Court at Shimoga which had been closed from 1st July 1895, has since had to be re-established, and a European Magistrate has been stationed at Saklespur with jurisdiction over the important Coffee Taluks of Manjarabad and Belur.

The Civil litigation of the Province shows an increase of 11·72 per cent, the number of regular suits and miscellaneous cases having risen from 34,620 to 38,678 and their aggregate value from 21½ to 32½ lakhs of rupees.

The reported crime was 4·75 per cent less than in the previous year and there was attained a greater measure of success in the prosecution of the more heinous offences. In Coffee Tracts the special arrangements made to prevent and detect coffee stealing are reported to have given general satisfaction.

In the Police Department the most important measure of the year was the introduction of a scheme for the employment of village Talaris to aid the regular Police in watching the more exposed high roads. Four hundred and forty-six out-posts were established on such roads at an annual cost of Rs. 19,694. The present rates of pay for Police Constables were fixed when the Police was first organized in 1873-74; and having regard to the changes which the material and economic conditions of the Province have since undergone, the same were raised during the year from Rs. 6 and 7 to Rs. 7 and 8 respectively.

With a view to improve the efficiency of the Police in the Kolar Gold Fields, the Coffee Tracts and the City of Bangalore, a revised scale of pay for Special Inspectors and Constables has been sanctioned.

The jurisdiction over the following State Railway Lines was ceded to the British Government :—

(1) Bangalore-Harihar Line.
(2) Yeswantpur-Hindupur Frontier.
(3) Kolar Gold Fields Branch.

Registration.—The number of documents registered increased from 42,974 to 44,230, and the value of property involved from 113½ to 135¾ lakhs of rupees. The substitution of salaried Sub-Registrars for the Taluk Officials who are unable to devote their undivided attention to Registration work, is being gradually carried out.

Education.—Public Instruction continued to make satisfactory progress. The number of public schools rose by 111 and the number of pupils by 3,123. The total number under instruction in all the schools, both public and private, was 112,014, of whom 98,449 were boys and 13,565 were girls. The percentage of boys and girls under instruction to the male and female population of the school-going age was 26·97 and 3·75 respectively. The attendance at the 40 schools for the education of the depressed classes was 1,483. Among the more important measures introduced during the year, may be mentioned the system of giving grants-in-aid to village indigenous schools of which as many as 57 have already availed themselves of the benefit of the measure. The total expenditure on Public Instruction was Rs. 8,46,390 of which Rs. 4,47,702 was paid from the General Revenues, while the balance was contributed as follows :—

Rs.	
1,93,920	by Local Funds.
30,719	by Municipal Funds.
92,570	by School Fees.
81,479	by Other Sources.

Archæology.—The printing of the Inscriptions collected by the Survey, amounting to about 9,000, is being pushed on, and 3,515 have up to date been printed. Part II of Inscriptions in the Mysore District, containing 880 Inscriptions, is approaching completion.

The publication has been undertaken of *Nripátungá's Kavirájamárga*, of the 9th century, the oldest work in Kannada of which we have copies.

Oriental Library.—Three hundred and twenty-five Sanskrit and thirty-eight Kannada manuscripts were added to the Library. Among the new Sanskrit manuscripts is a work called *Nitiprakásika* on *Dhanurveda* or the Military Science. Four additional volumes of the Government Oriental Library Series of Sanskrit works were published.

Mujroyi.—In the Mujroyi Department much useful work was done. Fifty-nine religious and charitable buildings in varying stages of decay were restored. The Registers of Ready Money Inams were all revised and reprinted. The succession to the Guruship of four Matts was recognized. The more important temples and chattrams in the Bangalore Kolar, Tumkur and Mysore Districts were improved and placed on an efficient and satisfactory footing.

Medical.—The public health of the year was on the whole satisfactory. There were no epidemics of any kind. In the 117 Government Hospitals and Dispensaries the number of patients treated was 716,112 being 148 per mille of the population. The Female Hospitals at Mysore and Bangalore continued to maintain their popularity and afforded relief to 20,477 patients, of whom 481 were lying-in patients. In the Mysore City, side by side with the European system which is under direct Government management, the old Karnatic and Yunani systems of treatment appear to flourish and to be largely resorted to.

Legislation.—The Regulations passed during the year were:—

II of 1895.—A Regulation to assimilate the Law relating to Post Offices in Mysore to that in force in British India.

III of 1895.—A Regulation to introduce into the Territories of Mysore Act VI of 1882 (The Indian Companies Act).

I of 1896.—A Regulation to provide for the appointment of a Special Tribunal to pass final judgment in the matter of the claim of Brijilal Dass against the Government of Mysore.

The last of these Regulations was intended to settle once for all a long pending question, as to the party, if any, entitled to receive the sum of Rs. 5,67,338-15-1 awarded in December 1864 in favor of Brijilal Dass, one of the creditors of His Highness Maharaja Krishnaraja Wodayar III. The Special Tribunal appointed under the Regulation has already tried and dismissed the claims submitted to it. But as the State is anxious that the expressed intention of the original creditor to devote a substantial portion of the claim to public charities, should in no way be defeated by the fact of his having left no legal successors, steps will be taken in due course to assign the intended amount for the establishment and maintenance of suitable charities in his name.

Of proposed Regulations the most important is the one for the special protection of Gold Mines. It has already been submitted to the Government of India for its sanction and I trust to be able very soon to bring it into effect in the form which may finally be approved by that Government. The measure is, I understand, viewed with special satisfaction by the various Mining Companies and I have no doubt it will conduce to the efficient protection of the important interests involved.

Another matter on which the Durbar have been anxious for a long time past to take the needful action relates to the important coffee industry. The inadequacy of the present labor law and the absence of means for securing the attendance of laborers absconding beyond the State, have for several

years engaged the most attentive consideration of this Government. On the latter of these questions, the Mysore Coffee Planters are admittedly under a marked disadvantage owing to the conditions of their special environment. You are aware that the entire subject of the disadvantages of the planting industry in the south of India has been carefully investigated by a special commission appointed for the purpose by the British Government, and we may be sure that whatever remedial measures can be accomplished by patient research and wise counsel, will be secured for us by the labors of this commission which was presided over by our Resident from whose sympathy for the industry and intimate acquaintance with its practical wants, we are entitled to hope for the best possible results.

Gentlemen, it only remains for me now to announce to you the State Monuments and Charities which have been determined upon in memory of His Highness the late Maharaja Sri Chamarajendra Wodayar, G.C.S.I.

		Rs.
I.	Equestrian Statue at Mysore	1,00,000
II.	An Industrial School at Mysore with endowment of scholarships for poor students	1,00,000
III.	Dharmasalas at Calcutta, Lower Tirupati and Seringapatam, and Temple at Mysore	2,00,000
IV.	Maintenance of the above	4,00,000
	Total	8,00,000

The Equestrian Statue which evoked such universal enthusiasm at our last meeting is already in the hands of Mr. Onslow Ford, the well known English Sculptor. The others are being executed or matured on a suitable scale and will be completed as quickly as possible. In addition to these Memorials, the great Káveri Channel from Alalkatte and the Bangalore Water-Supply from Hessarghatta—both works of the highest public utility which owed their origin to the wise beneficence of our late Sovereign—have now been called after His beloved name as appropriate and lasting Monuments of His illustrious reign.

ORGANIZATION OF RESERVES (INFANTRY).

1. The Active Reserve is limited to 160 men per battalion. It is composed of—

(*a*) Soldiers of all classes and of good character of not less than five nor more than twelve years' service, who may volunteer from the colors for the reserve.

(*b*) Men not over 32 years of age, of good character and of authorized classes, who may have been discharged, for any cause other than misconduct, after not less than three or more than twelve years' service, and who may re-enlist for the reserve.

2. Non-commissioned officers can enter the reserve only by resigning their rank, with the permission of the officer commanding their Battalion and accepting transfer to the reserve as privates.

3. The whole or a part of the reserve is liable, at all times, under the orders of the Government of India, to be called out for service and to be retained with the colors so long as may be necessary.

4 When thus called out for service, the men will join at the training centre and will be liable to serve anywhere and with any one of the battalions which are or hereafter may be linked with their own.

5. Men of the reserve can claim their discharge from the service at any time, except during war, or when, in the opinion of the Government of India, there is an immediate prospect of war.

6. The rules under which Native Soldiers of the Active Army can claim priority of hearing in Civil Suits are applicable also to men of the reserve.

Men of the reserve are exempt from statutory labor under the provisions of the Act in force in the Province in which they reside—

Act VIII of	1873.	Madras Act I of	1858.
Act XIII of	1877.	Bombay Act VII of.. ..	1879.

7. Active Reservists are eligible for civil appointments under Government with the following exceptions :—

Jail Warders.
Forest Guards.
Staff of North-Western Railway.
Staff of Oudh and Rohilkhand Railway.
Posts on any railway which require technical knowledge or training, such as pointsmen, signalmen or gaugmen.

Men holding any other appointments than those mentioned above will be granted leave to attend their annual training. They may, however, be called upon, when necessary, to furnish substitutes during the period of such absence.

8. Except when a battalion is on, or has been warned to be in readiness for, service, men may at all times pass from the Colors to the Active Reserve, up to the authorised complement, even though the battalion itself be below its full strength.

9. The reserve pay of a private of the Active Reserve is Rs. 3 per mensem.

10. When embodied for training or service, men of the Active Reserve will receive full pay like effective men plus the good conduct pay they were drawing when with the colors. While thus drawing full pay, their reserve pay will lapse. A Non-Commissioned Officer enrolled in the Reserve as a sepoy (paragraph 2) will, when embodied for training or called up for service, receive the rate of good conduct pay which his character and service, viewed as those of a sepoy, would have entitled him to immediately before his transfer to the Reserve.

1397

11. Men of the Active Reserve are entitled to compensation for dearness of provisions when embodied for training or service. Such compensation will, in the case of the annual training period, be drawn for the whole of that period, on the price current for the month, the last day of which is included in the 31 days' training.

12. They will receive their reserve pay in arrears from the Officer Commanding the battalion at the centre when embodied for training; one-half of the arrears due being paid to each man on first muster, and the balance, together with the full pay, good conduct pay, compensation for dearness of provisions earned by such period of training, and road allowance (paragraph 21) when due, at the close of the training. No advance of reserve pay will be made under any circumstances.

13. Discharged men re-enlisted for the Active Reserve will draw full pay as sepoys *plus* the good conduct pay, if any, which they were drawing at the time of discharge, and compensation for dearness of provisions, during the period they are attached to a battalion for training.

14. In the event of a man of the Reserve dying at his home, reserve pay will be passed up to date of death. The balance, if any, of the estate will be made over to the heir, on his producing proof of the death, and of his own identity.

15. Gratuities on the following scale will be allowed to men of the Active Reserve discharged as unfit, and who are not entitled to pension :—

Men of—						No. of months' full pay of rank and good conduct pay.
5 years',	but less than	10 years'	Color and	Reserve service	..	... 3
10	do	15	do	do	...	... 6
15	do	20	do	do	...	... 9
20	do	25	do	do	...	...12

16. All men of the Active Reserve become entitled, without appearing before a Medical Board, to a pension of Rs. 3 per mensem on completing a total Color and Reserve Service of 25 years.

17. Men re-transferred to the colors will in no case be required to refund pay drawn while in the reserve.

18. Men re-joining the colors at their own request will not be entitled to hutting-money.

19. It is to be distinctly understood that pension after 25 years' service, is the only pension which can be earned by service in the reserve. But active reservists called out for service are eligible for all the advantages held out to men serving with the colors, and may thus become entitled to ordinary pension if invalided, in consequence of such service.

20. Free passages by rail and boat, but not by sea (except when the sea route is cheaper than that by rail, *e. g.*, between Bombay and Karachi) are allowed for men proceeding to their homes on joining the reserve for the first time.

21. Free passage by rail and boat and road allowance at the rate of one rupee for every 100 miles or fraction of 100 miles, for such part of the journey as cannot be performed by rail or boat, will be granted to men proceeding from, or returning to, their homes when called up for training or service. This road allowance is not granted to men joining the reserve in the first instance.

22. Men re-transferred to the colors at their own request will not be allowed free passage to join, unless at the time of application for re-transfer their battalion is under orders for active service.

23. Men passing from the colors to the reserve will receive the sum of Rs. 25 in payment for the following articles of their kit, which will then become the property of Government :—

1 Great-coat.	1 Set numerals.	1 Havresack.
1 Pagari.	1 Pair Khaki Pyjamas.	1 Water bottle.
1 Khaki Blouse.	1 Pair pattis.	1 Pair boots or shoes.
		1 Kit bag.

These articles will be repaired or renewed when pronounced by a Board of Survey to be repairable or unserviceable, but renewals will be allowed at Government expense only after a period of three years.

24. A free issue of the articles of kit named in paragraph 23 will be made by the battalion, the reserve of which they join, to men who, having taken their discharge, re-enlist for service in the reserve.

25. An active reservist transferred to the colors will pay to Government the sum of Rs. 25, and all articles of his reserve kit will then become his own property.

26. When embodied for service, men of the Active Reserve will receive the same issue of equipment and warm clothing from Government as may be allowed to other native soldiers serving with the colors.

27. Men of the Active Reserve will be called out for training for 31 days in each year.

28. The training will be carried out at the regimental centre allotted to each group of linked battalions.

29. The date or dates on which reservists are to be called up for training will be fixed by Commanding Officers with special reference to the convenience and agricultural necessities of the men themselves.

30. Discharged men re-enlisted for Reserve Service will undergo a preliminary course of training with the battalion for the reserve of which they have enlisted, if more than one year has elapsed since their discharge. The length of this course will be :—

If discharge took place more than 1, but less than 2 years previously, 2 months.
If discharge do 2, do 3 do 3 months.
If more than three years have elapsed since discharged, 4 months.

31. Men of the Active Reserve are at all times subject as soldiers to the Indian Articles of War, and may be tried and punished by Court Martial for any offence against those articles. They are also liable to be tried and punished by a Civil Court of Criminal Jurisdiction for—

(*a*) failing without reasonable excuse to attend at any place after being duly ordered to attend ;

(*b*) failing without reasonable excuse to comply with any orders or regulations relating to the Reserve ;

(*c*) fradulently obtaining any pay or other sum contrary to the orders and regulations relating to pay of the Reserve.

BANGALORE,
2nd December 1896.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

READ :—

Correspondence ending with letter No. 907—219, dated 19th August 1896, from the Deputy Commissioner, Kolar district, on the subject of the shanbhog office of Nandanahosahalli and four other villages in the Sidlaghatta taluk.

No. 4087-94—R. 1406, *dated, Bangalore,* 1*st November* 1896.

ORDER THEREON.—The papers submitted by the Deputy Commissioner show that Lakshminarasappa, the baravardar shanbhog, has been in Government service since February 1873, and that he became the registered shanbhog of the villages in question in 1884. Since then the duties of the shanbhog office are being performed by gumastas appointed by Lakshminarasappa from time to time. He now requests that his brother Krishnappa, who is the registered shanbhog of certain other villages, may be appointed to officiate for him as gumasta. The Deputy Commissioner, in soliciting instructions as to whether Lakshminarasappa, who is now a clerk in the Bangalore Sub-Registrar's office, should be required to perform the duty himself or a competent gumasta nominated by him may be permitted to discharge the shanbhog duties, points out that the provisions contained in the Revenue Rules do not seem to contemplate cases of this kind.

2. Government observe that the registry of the name of a person as an officiator shanbhog is not an honorary distinction. The right to a shanbhogi office is inseparable from the efficient discharge of duties connected therewith ; the only exception allowed by para 5 of Section XLIII of the Mysore Land Revenue Rules being in the case of widows or minors on whose behalf gumastas may be appointed. The officiator shanbhog in the present case has no such disability, and he cannot, being a registered shanbhog, be permitted to absent himself for employment elsewhere. He should therefore be called upon to elect the one or the other. If he prefers to remain in Government service elsewhere, he should resign his *hak* to the shanbhog office in favor of his next of kin.

3. The Deputy Commissioner is requested to give effect to the above orders.

8. Except when a battalion is on, or has been warned to be in readiness for, service, men may at all times pass from the Colors to the Active Reserve, up to the authorised complement, even though the battalion itself be below its full strength.

9. The reserve pay of a private of the Active Reserve is Rs. 3 per mensem.

10. When embodied for training or service, men of the Active Reserve will receive full pay like effective men plus the good conduct pay they were drawing when with the colors. While thus drawing full pay, their reserve pay will lapse. A Non-Commissioned Officer enrolled in the Reserve as a sepoy (paragraph 2) will, when embodied for training or called up for service, receive the rate of good conduct pay which his character and service, viewed as those of a sepoy, would have entitled him to immediately before his transfer to the Reserve.

11. Men of the Active Reserve are entitled to compensation for dearness of provisions when embodied for training or service. Such compensation will, in the case of the annual training period, be drawn for the whole of that period, on the price current for the month, the last day of which is included in the 31 days' training.

12. They will receive their reserve pay in arrears from the Officer Commanding the battalion at the centre when embodied for training; one-half of the arrears due being paid to each man on first muster, and the balance, together with the full pay, good conduct pay, compensation for dearness of provisions earned by such period of training, and road allowance (paragraph 21) when due, at the close of the training. No advance of reserve pay will be made under any circumstances.

13. Discharged men re-enlisted for the Active Reserve will draw full pay as sepoys *plus* the good conduct pay, if any, which they were drawing at the time of discharge, and compensation for dearness of provisions, during the period they are attached to a battalion for training.

14. In the event of a man of the Reserve dying at his home, reserve pay will be passed up to date of death. The balance, if any, of the estate will be made over to the heir, on his producing proof of the death, and of his own identity.

15. Gratuities on the following scale will be allowed to men of the Active Reserve discharged as unfit, and who are not entitled to pension :—

Men of—	No. of months' full pay of rank and good conduct pay.
5 years', but less than 10 years' Color and Reserve service ..	... 3
10 do 15 do do ...	... 6
15 do 20 do do ...	... 9
20 do 25 do do ...	...12

16. All men of the Active Reserve become entitled, without appearing before a Medical Board, to a pension of Rs. 3 per mensem on completing a total Color and Reserve Service of 25 years.

17. Men re-transferred to the colors will in no case be required to refund pay drawn while in the reserve.

18. Men re-joining the colors at their own request will not be entitled to hutting-money.

19. It is to be distinctly understood that pension after 25 years' service, is the only pension which can be earned by service in the reserve. But active reservists called out for service are eligible for all the advantages held out to men serving with the colors, and may thus become entitled to ordinary pension if invalided, in consequence of such service.

20. Free passages by rail and boat, but not by sea (except when the sea route is cheaper than that by rail, *e. g.*, between Bombay and Karachi) are allowed for men proceeding to their homes on joining the reserve for the first time.

21. Free passage by rail and boat and road allowance at the rate of one rupee for every 100 miles or fraction of 100 miles, for such part of the journey as cannot be performed by rail or boat, will be granted to men proceeding from, or returning to, their homes when called up for training or service. This road allowance is not granted to men joining the reserve in the first instance.

22. Men re-transferred to the colors at their own request will not be allowed free passage to join, unless at the time of application for re-transfer their battalion is under orders for active service.

23. Men passing from the colors to the reserve will receive the sum of Rs. 25 in payment for the following articles of their kit, which will then become the property of Government:—

1 Great-coat.	1 Set numerals.	1 Havresack.
1 Pagari.	1 Pair khaki pyjamas.	1 Water bottle.
1 Khaki blouse.	1 Pair pattis.	1 Pair boots or shoes.
		1 Kit bag.

These articles will be repaired or renewed when pronounced by a Board of Survey to be repairable or unserviceable, but renewals will be allowed at Government expense only after a period of three years.

24. A free issue of the articles of kit named in paragraph 23 will be made by the battalion, the reserve of which they join, to men who, having taken their discharge, re-enlist for service in the reserve.

25. An active reservist transferred to the colors will pay to Government the sum of Rs. 25, and all articles of his reserve kit will then become his own property.

26. When embodied for service, men of the Active Reserve will receive the same issue of equipment and warm clothing from Government as may be allowed to other native soldiers serving with the colors.

27. Men of the Active Reserve will be called out for training for 31 days in each year.

28. The training will be carried out at the regimental centre allotted to each group of linked battalions.

29. The date or dates on which reservists are to be called up for training will be fixed by Commanding Officers with special reference to the convenience and agricultural necessities of the men themselves.

30. Discharged men re-enlisted for Reserve Service will undergo a preliminary course of training with the battalion for the reserve of which they have enlisted, if more than one year has elapsed since their discharge. The length of this course will be :—

If discharge took place more than 1, but less than 2 years previously, 2 months.
If discharge do 2, do 3 do 3 months.
If more than three years have elapsed since discharged, 4 months.

31. Men of the Active Reserve are at all times subject as soldiers to the Indian Articles of War, and may be tried and punished by Court Martial for any offence against those articles. They are also liable to be tried and punished by a Civil Court of Criminal Jurisdiction for—

(*a*) failing without reasonable excuse to attend at any place after being duly ordered to attend ;

(*b*) failing without reasonable excuse to comply with any orders or regulations relating to the Reserve ;

(*c*) fradulently obtaining any pay or other sum contrary to the orders and regulations relating to pay of the Reserve.

READ :—

Correspondence ending with letter No. 907—219, dated 19th August 1896, from the Deputy Commissioner, Kolar district, on the subject of the shanbhog office of Nandanahosahalli and four other villages in the Sidlaghatta taluk.

No. 4087-94—R. 1406, *dated, Bangalore,* 1*st November* 1896.

ORDER THEREON.—The papers submitted by the Deputy Commissioner show that Lakshminarasappa, the baravardar shanbhog, has been in Government service since February 1873, and that he became the registered shanbhog of the villages in question in 1884. Since then the duties of the shanbhog office are being performed by gumastas appointed by Lakshminarasappa from time to time. He now requests that his brother Krishnappa, who is the registered shanbhog of certain other villages, may be appointed to officiate for him as gumasta. The Deputy Commissioner, in soliciting instructions as to whether Lakshminarasappa, who is now a clerk in the Bangalore Sub-Registrar's office, should be required to perform the duty himself or a competent gumasta nominated by him may be permitted to discharge the shanbhog duties, points out that the provisions contained in the Revenue Rules do not seem to contemplate cases of this kind.

2. Government observe that the registry of the name of a person as an officiator shanbhog is not an honorary distinction. The right to a shanbhogi office is inseparable from the efficient discharge of duties connected therewith ; the only exception allowed by para 5 of Section XLIII of the Mysore Land Revenue Rules being in the case of widows or minors on whose behalf gumastas may be appointed. The officiator shanbhog in the present case has no such disability, and he cannot, being a registered shanbhog, be permitted to absent himself for employment elsewhere. He should therefore be called upon to elect the one or the other. If he prefers to remain in Government service elsewhere, he should resign his *hak* to the shanbhog office in favor of his next of kin.

3. The Deputy Commissioner is requested to give effect to the above orders.

All enlistments in any battalion will be made for both or for all three battalions, that is to say, a recruit enlisted for one battalion of a regiment will be liable to serve in the other battalions which may at any time be linked with the battalion with which he is serving of the regiment, and will be transferred thereto if required in case of war. Beyond this liability to transfer to a linked battalion during war, the conditions of the sepoy's enlistment will remain as at present.

ORGANIZATION OF RESERVES (INFANTRY).

1. The Active Reserve is limited to 160 men per battalion. It is composed of—
   (*a*) Soldiers of all classes and of good character of not less than five nor more than twelve years' service, who may volunteer from the colors for the reserve.
   (*b*) Men not over 32 years of age, of good character and of authorized classes, who may have been discharged, for any cause other than misconduct, after not less than three or more than twelve years' service, and who may re-enlist for the reserve.

2. Non-commissioned officers can enter the reserve only by resigning their rank, with the permission of the officer commanding their Battalion and accepting transfer to the reserve as privates.

3. The whole or a part of the reserve is liable, at all times, under the orders of the Government of India, to be called out for service and to be retained with the colors so long as may be necessary.

4. When thus called out for service, the men will join at the training centre and will be liable to serve anywhere and with any one of the battalions which are or hereafter may be linked with their own.

5. Men of the reserve can claim their discharge from the service at any time, except during war, or when, in the opinion of the Government of India, there is an immediate prospect of war.

6. The rules under which Native Soldiers of the Active Army can claim priority of hearing in Civil Suits are applicable also to men of the reserve.

Men of the reserve are exempt from statutory labor under the provisions of the Act in force in the Province in which they reside—

Act VIII of	1873.	Madras Act I of	1858.
Act XIII of	1877.	Bombay Act VII of.. ..	1879.

7. Active Reservists are eligible for civil appointments under Government with the following exceptions :—

Jail Warders.
Forest Guards.
Staff of North-Western Railway.
Staff of Oudh and Rohilkhand Railway
Posts on any railway which require technical knowledge or training, such as pointsmen, signalmen or gangmen.

Men holding any other appointments than those mentioned above will be granted leave to attend their annual training. They may, however, be called upon, when necessary, to furnish substitutes during the period of such absence.

8. Except when a battalion is on, or has been warned to be in readiness for, service, men may at all times pass from the Colors to the Active Reserve, up to the authorised complement, even though the battalion itself be below its full strength.

9. The reserve pay of a private of the Active Reserve is Rs. 3 per mensem.

10. When embodied for training or service, men of the Active Reserve will receive full pay like effective men plus the good conduct pay they were drawing when with the colors. While thus drawing full pay, their reserve pay will lapse. A Non-Commissioned Officer enrolled in the Reserve as a sepoy (paragraph 2) will, when embodied for training or called up for service, receive the rate of good conduct pay which his character and service, viewed as those of a sepoy, would have entitled him to immediately before his transfer to the Reserve.

11. Men of the Active Reserve are entitled to compensation for dearness of provisions when embodied for training or service. Such compensation will, in the case of the annual training period, be drawn for the whole of that period, on the price current for the month, the last day of which is included in the 31 days' training.

12. They will receive their reserve pay in arrears from the Officer Commanding the battalion at the centre when embodied for training ; one-half of the arrears due being paid to each man on first muster, and the balance, together with the full pay, good conduct pay, compensation for dearness of provisions earned by such period of training, and road allowance (paragraph 21) when due, at the close of the training. No advance of reserve pay will be made under any circumstances.

13. Discharged men re-enlisted for the Active Reserve will draw full pay as sepoys *plus* the good conduct pay, if any, which they were drawing at the time of discharge, and compensation for dearness of provisions, during the period they are attached to a battalion for training.

14. In the event of a man of the Reserve dying at his home, reserve pay will be passed up to date of death. The balance, if any, of the estate will be made over to the heir, on his producing proof of the death, and of his own identity.

15. Gratuities on the following scale will be allowed to men of the Active Reserve discharged as unfit, and who are not entitled to pension :—

Men of—	No. of months' full pay of rank and good conduct pay.
5 years', but less than 10 years' Color and Reserve service ..	... 3
10 do 15 do do ...	... 6
15 do 20 do do ...	... 9
20 do 25 do do ...	...12

16. All men of the Active Reserve become entitled, without appearing before a Medical Board, to a pension of Rs. 3 per mensem on completing a total Color and Reserve Service of 25 years.

17. Men re-transferred to the colors will in no case be required to refund pay drawn while in the reserve.

18. Men re-joining the colors at their own request will not be entitled to hutting-money.

19. It is to be distinctly understood that pension after 25 years' service, is the only pension which can be earned by service in the reserve. But active reservists called out for service are eligible for all the advantages held out to men serving with the colors, and may thus become entitled to ordinary pension if invalided, in consequence of such service.

20. Free passages by rail and boat, but not by sea (except when the sea route is cheaper than that by rail, *e. g.*, between Bombay and Karachi) are allowed for men proceeding to their homes on joining the reserve for the first time.

21. Free passage by rail and boat and road allowance at the rate of one rupee for every 100 miles or fraction of 100 miles, for such part of the journey as cannot be performed by rail or boat, will be granted to men proceeding from, or returning to, their homes when called up for training or service. This road allowance is not granted to men joining the reserve in the first instance.

22. Men re-transferred to the colors at their own request will not be allowed free passage to join, unless at the time of application for re-transfer their battalion is under orders for active service.

23. Men passing from the colors to the reserve will receive the sum of Rs. 25 in payment for the following articles of their kit, which will then become the property of Government:—

1 Great-coat.	1 Set numerals.	1 Havresack.
1 Pagari.	1 Pair khaki pyjamas.	1 Water bottle.
1 Khaki blouse.	1 Pair pattis.	1 Pair boots or shoes.
		1 Kit bag.

These articles will be repaired or renewed when pronounced by a Board of Survey to be repairable or unserviceable, but renewals will be allowed at Government expense only after a period of three years.

24. A free issue of the articles of kit named in paragraph 23 will be made by the battalion, the reserve of which they join, to men who, having taken their discharge, re-enlist for service in the reserve.

25. An active reservist transferred to the colors will pay to Government the sum of Rs. 25, and all articles of his reserve kit will then become his own property.

26. When embodied for service, men of the Active Reserve will receive the same issue of equipment and warm clothing from Government as may be allowed to other native soldiers serving with the colors.

27. Men of the Active Reserve will be called out for training for 31 days in each year.

28. The training will be carried out at the regimental centre allotted to each group of linked battalions.

29. The date or dates on which reservists are to be called up for training will be fixed by Commanding Officers with special reference to the convenience and agricultural necessities of the men themselves.

30. Discharged men re-enlisted for Reserve Service will undergo a preliminary course of training with the battalion for the reserve of which they have enlisted, if more than one year has elapsed since their discharge. The length of this course will be :—

If discharge took place more than 1, but less than 2 years previously, 2 months.
If discharge do 2, do 3 do 3 months.
If more than three years have elapsed since discharged, 4 months.

31. Men of the Active Reserve are at all times subject as soldiers to the Indian Articles of War, and may be tried and punished by Court Martial for any offence against those articles. They are also liable to be tried and punished by a Civil Court of Criminal Jurisdiction for—

(*a*) failing without reasonable excuse to attend at any place after being duly ordered to attend;

(*b*) failing without reasonable excuse to comply with any orders or regulations relating to the Reserve;

(*c*) fradulently obtaining any pay or other sum contrary to the orders and regulations relating to pay of the Reserve.
